Create a personal website or use platforms like LinkedIn or Behance

Offer free or discounted work initially to build a reputation Ask

for client testimonials once you have delivered successful projects

Step 2 Target High Value Clients

Focus on clients who can afford to pay premium rates Research industries that value your skill set and target businesses with larger budgets Higher paying clients are often in sectors like Technology Finance Healthcare Marketing E commerce

Step 3 Specialize and Upskill

Specializing in a niche will make you more valuable For example becoming a graphic designer who specializes in web design for e commerce stores can command higher rates than a generalist designer

Step 3 Automate and Scale

As your online business grows you can automate certain processes such as inventory management marketing and customer service This allows you to scale without dramatically increasing the time you spend working
