## **Deaths Domain A Cassidy McCabe Mystery:**

**Wanton's Web** Alex Matthews, 2001-04      *The Chicago of Fiction* James A. Kaser, 2011-02-01 The importance of Chicago in American culture has made the city's place in the American imagination a crucial topic for literary scholars and cultural historians. While databases of bibliographical information on Chicago-centered fiction are available, they are of little use to scholars researching works written before the 1980s. In *The Chicago of Fiction: A Resource Guide*, James A. Kaser provides detailed synopses for more than 1,200 works of fiction significantly set in Chicago and published between 1852 and 1980. The synopses include plot summaries, names of major characters, and an indication of physical settings. An appendix provides bibliographical information for works dating from 1981 well into the 21st century, while a biographical section provides basic information about the authors, some of whom are obscure and would be difficult to find in other sources. Written to assist researchers in locating works of fiction for analysis, the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies, i.e., class, ethnicity, gender, immigrant experience, and race. The book is also a useful reader advisory tool for librarians and readers who want to identify materials for leisure reading, particularly since genre, juvenile, and young adult fiction, as well as literary fiction, are included.

**Death's Domain** Alex Matthews, 2005 News of Cassidy McCabe's death is greatly exaggerated when she opens up the local paper to confront her very own obituary. The short brief recounts her untimely passing fifteen years earlier on this very day, the anniversary of the tragic death of her friend Barbara, who dies in a car crash after having been caught in bed with Cassidy's first husband. Is this someone's idea of a sick joke or something far more sinister? Cassidy thinks she knows the chilling answer when she starts getting ominous e-cards vowing vengeance for Barbara's death. But who would be striking out after all these years? Could it be her ex-husband Kevin or a stranger with a grudge? And who else would possibly know about the terrible secret that Cassidy has kept hidden for so long? When the threats turn to Cassidy's husband Zach, she digs relentlessly into her own dark past, now resurrected by a dangerous enemy with deadly intent.

**BOOK COVER      Mystery Women, Volume Three (Revised)**

Colleen Barnett, 2010-12-31 Like other fictional characters, female sleuths may live in the past or the future. They may represent current times with some level of reality or shape their settings to suit an agenda. There are audiences for both realism and escapism in the mystery novel. It is interesting, however, to compare the fictional world of the mystery sleuth with the world in which readers live. Of course, mystery readers do not share one simplistic world. They live in urban, suburban, and rural areas, as do the female heroines in the books they read. They may choose a book because it has a familiar background or because it takes them to places they long to visit. Readers may be rich or poor, young or old, conservative or liberal. So are the heroines. What incredible choices there are today in mystery series. This three-volume encyclopedia of women characters in the mystery novel is like a gigantic menu. Like a menu, the descriptions of the items that are provided are subjective. Volume 3 of *Mystery Women*, as currently updated, adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume

3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 *Bowker's Guide to Characters in Fiction 2007 ,2008-02*
