Debating The Death Penalty:

Debating the Death Penalty Hugo Adam Bedau, Paul G. Cassell, 2005-03-24 When news breaks that a convicted murderer released from prison has killed again or that an innocent person has escaped the death chamber in light of new DNA evidence arguments about capital punishment inevitably heat up Few controversies continue to stir as much emotion as this one and public confusion is often the result This volume brings together seven experts judges lawyers prosecutors and philosophers to debate the death penalty in a spirit of open inquiry and civil discussion Here as the contributors present their reasons for or against capital punishment the multiple facets of the issue are revealed in clear and thought provoking detail Is the death penalty a viable deterrent to future crimes Does the imposition of lesser penalties such as life imprisonment truly serve justice in cases of the worst offences Does the legal system discriminate against poor or minority defendants Is the possibility of executing innocent persons sufficient grounds for abolition In confronting such questions and making their arguments the contributors marshal an impressive array of evidence both statistical and from their own experiences working on death penalty cases The book also includes the text of Governor George Ryan's March 2002 speech in which he explained why he had commuted the sentences of all prisoners on Illinois's death row By representing the viewpoints of experts who face the vexing questions about capital punishment on a daily basis *Debating the Death Penalty* makes a vital contribution to a more nuanced understanding of the moral and legal problems underlying this controversy

Furman V. Georgia Rebecca Stefoff, 2008 Examines the 1972 Supreme Court case *Furman v Georgia* in regard to the death penalty

The Death Penalty Ernest Van den Haag, John Phillips Conrad, 2013-06-29 From 1965 until 1980 there was a virtual moratorium on executions for capital offenses in the United States This was due primarily to protracted legal proceedings challenging the death penalty on constitutional grounds After much Sturm und Drang the Supreme Court of the United States by a divided vote finally decided that the death penalty does not invariably violate the Cruel and Unusual Punishment Clause of the Eighth Amendment The Court's decisions however do not moot the controversy about the death penalty or render this excellent book irrelevant The ball is now in the court of the Legislature and the Executive Legislatures federal and state can impose or abolish the death penalty within the guidelines prescribed by the Supreme Court A Chief Executive can commute a death sentence And even the Supreme Court can change its mind as it has done on many occasions and did with respect to various aspects of the death penalty itself during the moratorium period Also the people can change their minds Some time ago a majority according to reliable polls favored abolition Today a substantial majority favors imposition of the death penalty The pendulum can swing again as it has done in the past

The Death Penalty Thomas Streissguth, 2002 Examines all sides of the death penalty debate highlighting several controversial cases and exploring such issues as the execution of the mentally impaired and racial differences in executions Also describes new developments in science and technology that are changing the way guilt and innocence are decided and the way punishment is imposed

all the most compelling aspects of this most compelling issue *The Death of the American Death Penalty* Larry Wayne Koch, Colin D. Wark, Colin Wark, John F. Galliher, 2012 The death penalty has largely disappeared as a national legislative issue and the Supreme Court has mainly bowed out leaving the states at the cutting edge of abolition politics This essential guide presents and explains the changing political and cultural challenges to capital punishment at the state level As with their previous volume *America Without the Death Penalty* Northeastern 2002 the authors of this completely new volume concentrate on the local and regional relationships between death penalty abolition and numerous empirical factors such as economic conditions public sentiment the roles of social political and economic elites the mass media and population diversity They highlight the recent abolition of the practice in New York New Jersey New Mexico and Illinois the near misses in New Hampshire Connecticut Maryland and Nebraska the Kansas rollercoaster rides and the surprising recent decline of the death penalty even in the deep South Abolition of the death penalty in the United States is a piecemeal process with one state after another peeling off from the pack until none is left and the tragic institution finally is no more This book tells you how and why that will likely happen Does the Death Penalty Deter Crime? Peggy J. Parks, 2010 Those who support the death penalty say it deters criminals from committing violent acts while others argue that executions do not deter crime Through objective discussion numerous direct quotes and full color illustrations this title examines What Are the Origins of the Death Penalty Controversy How Do Executions Affect the Crime Rate Does the Legal Process Hamper the Death Penalty's Deterrence Effect Does Fear of the Death Penalty Deter Would be Criminals and Are Alternative Punishments More Effective than the Death Penalty **The Death Penalty Debate** H. Wayne House, John Howard Yoder, 1991 After several decades of judicial and legislative rulings outlawing capital punishment American sentiment in recent times has swung in favor of the death penalty Candidates in major political races across the land now expect to win votes by bragging about how many criminals they have sent to death row Opponents of capital punishment however are far from silent They insist that the death penalty violates the Christian's high view of life How they ask can a person who believes in the forgiveness of sins and the grace of God advocate another human being's death In *The Death of Penalty Debate* two respected authors H Wayne House and John Howard Yoder lay before us the pro and con arguments on the validity of capital punishment Beginning with Genesis 9:6 both men trace the historical and scriptural ideas for and against the death penalty In the course of their discussion they raise compelling questions Does the death penalty work Is it immoral Who should be put to death and for what crimes Does a crime threatened society need the death penalty for its own protection What do Moses and Jesus and the apostles say to guide us in forming our own ideas on this matter Addressing these questions and many others House and Yoder in this carefully documented volume capably present the strongest arguments on both sides of the capital punishment issue *The Death Penalty Debate* is a valuable guide which will aid readers in making up their minds on this timely and crucial issue A helpful annotated bibliography is included from back cover **The Death Penalty Debate** Liam Wall, 2016-03-14
