PRI the Institutional Revolutionary Party The answers are sometimes surprising Despite ratification of NAFTA for example Mexico has fallen behind Brazil and Chile in economic growth and rates of poverty Camp explains that lack of labor flexibility along with low levels of transparency and high levels of corruption make Mexico less competitive than some other Latin American countries The drug trade of course enhances corruption and feeds on poverty approximately 450 000 Mexicans now work in this sector Brisk clear and informed Mexico What Everyone Needs To Know R offers a valuable primer for anyone interested in the past present and future of our neighbor to the South Links to video interviews with prominent Mexicans appear throughout the text The videos can be accessed at through The Oxford Research Encyclopedia of Latin American History at <http://latinamericanhistory.oxfordre.com/page/videos>

Exchange-Traded Funds and the New Dynamics of Investing Ananth N. Madhavan, 2016-06-27 In *Exchange Traded Funds and the New Dynamics of Investing* Ananth Madhavan examines the quiet transformation of asset management through the rise of passive or index investing A closely related phenomenon is the rise of exchange traded funds ETFs An ETF is an investment vehicle that trades intraday and seeks to replicate the performance of a specific index ETFs have grown substantially in size diversity and market significance in recent years These trends have generated considerable interest especially from retail and institutional investors and increasingly from academics regulators and the press ETFs have the power to be a disruptive innovation to today's asset management industry because many traditional active managers and hedge funds deliver a significant fraction of their active returns via static exposures to factors like value Indeed for the first time ever assets in global ETFs exceeded 3 trillion in 2015 passing the amount in hedge funds
