**Sacrificial Lambs and Others** Sheri White, 2018-03-22 *Sacrificial Lambs and Others* is Sheri White's first collection. From quiet horror to bloody violence, these flash fiction pieces and short stories are chilling and emotionally visceral. You will find people teetering on the brink of sanity, dark farms, creepy carnivals, weird kids, and Armageddon. These stories will stay with you long after you've closed the book.

**French Decadent Tales** Stephen Romer, 2013-05-09 He had become the dandy of the unpredictable. A quest for new sensations and an avowed desire to shock possessed the Decadent writers of fin de siècle Paris. The years 1880-1900 saw an extraordinary hothouse flowering of talent that produced some of the most exotic, stylized, and cerebral literature in the French language. While Decadence was a European movement, its epicentre was the French capital. On the eve of Freud's early discoveries, writers such as Gourmont, Lorrain, Maupassant, Mirbeau, Richepin, Schwob, and Villiers engaged in a species of wild analysis of their own, perfecting the art of short fiction as they did so. Death and Eros haunt these pages, and a polymorphous perversity by turns hilarious and horrifying. Their stories teem with addicts, maniacs, and murderers as they strive to outdo each other. This newly translated selection brings together the very best writing of the period, from lesser-known figures as well as famous names. Provocative and unsettling, these extraordinary, corrosive little tales continue to cast a cold eye on the modern world.

**ABOUT THE SERIES** For over 100 years, Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

**Horror Literature through History** Matt Cardin, 2017-09-21 This two-volume set offers comprehensive coverage of horror literature that spans its deep history, dominant themes, significant works, and major authors such as Stephen King, Edgar Allan Poe, and Anne Rice, as well as lesser-known horror writers. Many of today's horror story fans, who appreciate horror through movies, television, video games, graphic novels, and other forms, probably don't realize that horror literature is not only one of the most popular types of literature but one of the oldest. People have always been mesmerized by stories that speak to their deepest fears. *Horror Literature through History* shows 21st-century horror fans the literary sources of their favorite entertainment and the rich intrinsic value of horror literature in its own right. Through profiles of major authors, critical analyses of important works, and overview essays focused on horror during particular periods, as well as on related issues such as religion, apocalypticism, social criticism, and gender, readers will discover the fascinating early roots and evolution of horror writings, as well as the reciprocal influence of horror literature and horror cinema. This unique two-volume reference set provides wide coverage that is current and compelling to modern readers who are, of course, also eager consumers of entertainment. In the first section, overview essays on horror during different historical periods situate works of horror literature within the social, cultural, historical, and intellectual currents of their respective eras, creating a seamless narrative of the genre's evolution.

from ancient times to the present The second section demonstrates how otherwise unrelated works of horror have influenced each other how horror subgenres have evolved and how a broad range of topics within horror such as ghosts vampires religion and gender roles have been handled across time The set also provides alphabetically arranged reference entries on authors works and specialized topics that enable readers to zero in on information and concepts presented in the other sections
