Decimi Magni Ausonii Opera:

Decimi Magni Ausonii Opera Decimus Magnus Ausonius, R. P. H. Green, 1999 Ausonius has become a more accessible writer since the appearance of Professor Green's acclaimed commentary on him in 1991 which among other things stimulated discussion of his text and the textual tradition This newly revised text takes advantage of recent criticism both conservative and conjectural and re-examines the difficulties inherent in the long held view that extant manuscripts derive independently from separate authorial editions The opportunity has been taken to reassess earlier decisions on various problematic passages and to introduce several new emendations either in the text or in the apparatus criticus There is a newly written introduction in English the apparatus criticus has been pruned the concordances expanded and the bibliography updated The works in this new Oxford Classical Texts version of the text follow the same order as was established in Professor Green's previous edition of 1991 A catalogue of the library of the College of St. Margaret and St. Bernard, commonly called Queen's college, in the University of Cambridge Thomas Hartwell Horne, 1827 **A Catalogue of the Library of the College of St. Margaret and St. Bernard** Queens' College (University of Cambridge). Library, Thomas Hartwell Horne, 1827 *Emperors and Usurpers in the Later Roman Empire* Adrastus Omissi, 2018-06-28 One of the great maxims of history is that it is written by the victors and nowhere does this find greater support than in the later Roman Empire Between 284 and 395 AD no fewer than 37 men claimed imperial power though today we recognize barely half of these men as legitimate rulers and more than two thirds died at their subjects hands Once established in power a new ruler needed to publicly legitimate himself and to discredit his predecessor overt criticism of the new regime became high treason with historians suppressing their accounts for fear of reprisals and the very names of defeated emperors chiselled from public inscriptions and deleted from official records In a period of such chaos how can we ever hope to record in any fair or objective way the history of the Roman state *Emperors and Usurpers in the Later Roman Empire* is the first history of civil war in the later Roman Empire to be written in English and aims to address this question by focusing on the various ways in which successive imperial dynasties attempted to legitimate themselves and to counter the threat of almost perpetual internal challenge to their rule Panegyric in particular emerges as a crucial tool for understanding the rapidly changing political world of the third and fourth centuries providing direct evidence of how in the wake of civil wars emperors attempted to publish their legitimacy and to delegitimize their enemies The ceremony and oratory surrounding imperial courts too was of great significance used aggressively to dramatize and constantly recall the events of recent civil wars the narratives produced by the court in this context also went on to have enormous influence on the messages and narratives found within contemporary historical texts In its exploration of the ways in which successive imperial courts sought to communicate with their subjects this volume offers a thoroughly original reworking of late Roman domestic politics and demonstrates not only how history could be erased rewritten and repurposed but also how civil war and indeed usurpation

became endemic to the later Empire **Decimi Magni Ausonii Burdigalensis Opuscula** Decimus Magnus Ausonius,1886

Ausonius Deborah Warren,2017-04-21 Ausonius provides translations of the key works of Ausonius an important later Latin poet whose poems detail the social and cultural life of Gaul and its environment His often difficult and playful Latin is presented in English by the award winning poet Deborah Warren enabling a new generation of students to use and understand the poems With notes and commentary throughout this volume will be important not only as an example of later Latin poetry but also as a window onto the Later Roman Empire and the beginnings of early Christian writing **Decimi Magni Avsonii Bvrdigalensis Opvscula** Decimus Magnus Ausonius,1886 **Arctos** ,2016 The Representation and Perception of Roman Imperial Power Lukas de Blois,2003 From the days of the emperor Augustus 27 B C A D 14 the emperor and his court had a quintessential position within the Roman Empire It is therefore clear that when the Impact of the Roman Empire is analysed the impact of the emperor and those surrounding him is a central issue The study of the representation and perception of Roman imperial power is a multifaceted area of research which greatly helps our understanding of Roman society In its successive parts this volume focuses on 1 The representation and perception of Roman imperial power through particular media literary texts inscriptions coins monuments ornaments and insignia but also nicknames and death bed scenes 2 The representation and perception of Roman imperial power in the city of Rome and the various provinces 3 The representation of power by individual emperors *Decimi Magni Ausonii Burdigalensis viri consularis, Opera* Decimus Magnus Ausonius,Joseph Juste Scaliger,Elie Vinet,1595 Catalogue of the Library of the Supreme Court of Victoria.
