## **Decision In Paris:**

**The Paris Agreement on Climate Change** Daniel Klein, María Pía Carazo, Meinhard Doelle, Jane Bulmer, Andrew Higham, 2017-07-14 The most important climate agreement in history the Paris Agreement on Climate Change represents the commitment of the nations of the world to address and curb climate change Signed in December 2015 it entered into force on 4th November 2016 Countries are moving into implementation and efforts at all levels will be needed to fulfill its ambitious goals The Paris Climate Agreement Commentary and Analysis combines a comprehensive legal appraisal and critique of the new Agreement with a practical and structured commentary to and social drivers behind it providing an overview of the pre existing regime and tracking the history of the negotiations It examines the evolution of key concepts such as common but differentiated responsibilities and analyses the legal form of the Agreement and the nature of its provisions Part II comprises individual chapters on each Article of the Agreement with detailed commentary of the provisions which highlights central aspects from the negotiating history and the legal nature of the obligations It describes the institutional arrangements and considerations for national implementation providing practical advice and prospects for future development Part III reflects on the Paris Agreement as a whole its strengths and weaknesses its potential for further development and its relationship with other areas of public international law and governance The book is an invaluable resource for academics and practitioners policy makers and actors in the private sector and civil society as they negotiate the implementation of the Agreement in domestic law and policy

**The Paris Agreement on Climate Change** Geert Van Calster, Leonie Reins, 2021-03-26 Providing in depth coverage of each article of the Paris Agreement this Commentary offers a comprehensive legal analysis of this most recent and important international instrument on climate change This provision by provision textual analysis examines the commitments that parties to the Agreement have made to undertake ambitious efforts to combat climate change and adapt to its effects whilst providing additional support to developing countries

The Implementation of the Paris Agreement on Climate Change Vesselin Popovski, 2018-10-03 In December 2015 196 parties to the United Nations Framework Convention on Climate Change UNFCCC adopted the Paris Agreement seen as a decisive landmark for global action to stop human induced climate change The Paris Agreement will replace the 1997 Kyoto Protocol which expires in 2020 and it creates legally binding obligations on the parties based on their own bottom up voluntary commitments to implement Nationally Determined Contributions NDCs The codification of the climate change regime has advanced well but the implementation of it remains uncertain This book focuses on the implementation prospects of the Agreement which is a challenge for all and will require a fully comprehensive burden sharing framework Parties need to meet their own NDCs but also to finance and transfer technology to others who do not have enough How equity based and facilitative the process will be is of crucial importance The volume examines a broad range of issues including the lessons that can be learnt from the implementation of previous environmental legal regimes climate policies at national and sub

national levels and whether the implementation mechanisms in the Paris Agreement are likely to be sufficient Written by leading experts and practitioners the book diagnoses the gaps and lays the ground for future exploration of implementation options This collection will be of interest to policy makers academics practitioners students and researchers focusing on climate change governance
