The Decline and Fall of Nazi Germany and Imperial Japan Hans Dollinger, 1968 *The Decline and Fall of Nazi Germany and Imperial Japan* Hans Dollinger, 1965 **The Decline and Fall of Nazi Germany and Imperial Japan** Mark H. Podwal, 1982 *The Decline and fall of Nazi Germany and Imperial Japan* Hans Dollinger, 1968 **~The Decline and Fall of Nazi Germany and Imperial Japan** Hans Dollinger, 1960 Nazi Germany Never Existed! Ian Tinny, Lin Xun, Ivan Denisovich, Nazi Germany never existed That is one of many astonishing revelations detailed in this jaw dropping book Most of what is written about Adolf Hitler is designed to deceive the general public For example the following facts with credit to the archives of the historian Dr Rex Curry will come as news to most people 1 Hitler and his supporters self identified as socialists by the very word in voluminous speeches and writings The term Socialist appears throughout Mein Kampf as a self description by Hitler 2 Hitler never called himself a Nazi There was no Nazi Germany There was no Nazi Party Those terms are lies to hide the true names of the entities 3 Hitler never called himself a Fascist 4 The term Nazi isn't in Mein Kampf nor in Triumph of the Will 5 The term Fascist never appears in Mein Kampf as a self description by Hitler 6 The term swastika never appears in the original Mein Kampf 7 There is no evidence that Hitler ever used the word swastika 8 The symbol that Hitler did use was intended to represent S letter shapes for socialist 9 Hitler altered his own signature to reflect his S shapes for socialism logo branding 10 Hitler was influenced by American socialists the USA's Pledge of Allegiance to the flag was the origin of Nazi salutes and Nazi behavior 11 The classic military salute to the brow also contributed to the creation of the Nazi salute with the right arm extended stiffly 12 Mussolini was a long time socialist leader with a socialist background raised by socialists to be a socialist and he joined socialists known as fascio fasci and fascisti 13 Fascism came from a socialist e g Mussolini Communism came from a socialist e g Marx Fascism and Communism came from socialists 14 German socialists and Soviet socialists partnered for International Socialism in 1939 They launched WWII invading Poland together and continued onward from there killing millions Hitler Stalin Mao Mussolini and other tyrants were influenced by propaganda in the USA including the childish American socialists Francis Bellamy and Edward Bellamy Both Bellamy cousins wanted government to take over all schools to teach socialism to all youngsters worldwide Francis Bellamy was the author of the Pledge of Allegiance to the flag the origin of the infamous stiff armed salute adopted later under German socialism and Adolf Hitler Long before the Deutschland fad began American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy Anyone who rejected the ritual in the schools was persecuted America's Nazi salute was often performed by public officials in the USA from 1892 through 1942 What happened to old photographs and films of the American Nazi salute performed by federal state county and local officials Those photos and films are rare because people don't want to know the truth about the government's past TV newspapers and other MSM will not show a historic photo or video of the early American straight arm salute nor

mention its history and impact worldwide American youth groups Scouting adopted Bellamy s American Nazi salute with Bellamy s encouragement AND saluted swastika badges worn by fellow scouts Many Americans were accustomed to Nazi salutes for swastikas long before German socialism and Hitler Youth adopted similar behavior under Hitler That helps to explain another inconvenient truth swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism There are photos in this book

History that People Want to Read A. Curthoys,A. McGrath,2016-04-30 Drawn from decades of experience this is a concise and highly practical guide to writing history Aimed at all kinds of people who write history academic historians public historians professional historians family historians and students of all levels the book includes a wide range of examples from many genres and styles **Are We All Nazis?** Hans Askenasy,1978 This book is based on the famous experiments

conducted by Yale psychologist Stanley Milgram which concluded that given an adjusted controlled environment most of us will act in a manner at total odds with our normal behavior patterns Dr Hans Askenasy agrees with these findings and presents with compelling logic and scholarship a most disquieting view that the Nazis who carried out the murder of six million Jews were neither sadists madmen or monsters Most of us would like to think they were for then the responsibility for the atrocities they committed could be placed upon a special class of criminals or lunatics essentially different from the rest of us Auschwitz could not we like to believe have happened here yet it is psychologically easy to ignore responsibility when one is only an intermediate link in a chain of evil The author concludes that the main cause of large scale destructiveness is not individual criminality but social abnormality a collective madness which we do not fully understand and with which we have not yet come to terms From publisher description **The Publishers' Trade List Annual** ,1969 History of the
