Declining To Decline:

Declining to Decline Margaret Morganroth Gullette, 1997 The image of midlife aging as decline is a destructive viewpoint constructed by our youth loving culture So says author Margaret Morganroth Gullette who adds that our culture pressures us to shed youthful attributes and optimism about the future constituting the midlife crisis of our time Gullette proposes instead the concept of age identity a complex and satisfying way of telling our narratives of being and becoming over the entire life course *DECLINING TO DECLINE: CULTURAL COMBAT AND THE POLITICS OF THE MIDLIFE*. Margaret Morganroth Gullette, Ludwig Wittgenstein - A Cultural Point of View William J. DeAngelis, 2016-05-13 In the preface to his *Philosophical Investigations* Ludwig Wittgenstein expresses pessimism about the culture of his time and doubts as to whether his ideas would be understood in such a time I make them public with doubtful feelings It is not impossible that it should fall to the lot of this work in its poverty and in the darkness of this time to bring light into one brain or another but of course it is not likely In this book William James DeAngelis develops a deeper understanding of Wittgenstein s remark and argues that it is an expression of a significant cultural component in Wittgenstein s later thought which while latent is very much intended DeAngelis focuses on the fascinating connection between Wittgenstein and Oswald Spengler and in particular the acknowledged influence of Spengler s *Decline of the West* His book shows in meticulous detail how Spengler s dark conception of an ongoing cultural decline resonated deeply for Wittgenstein and influenced his later work In so doing the work takes into account discussions of these matters by major commentators such as Malcolm Von Wright Cavell Winch and Clack among others A noteworthy feature of this book is its attempt to link Wittgenstein s cultural concerns with his views on religion and religious language DeAngelis offers a fresh and original interpretation of the latter
