Decolonization In Indonesia The Problem:

Decolonization in Indonesia: the Problem of Continuity and Change Harry Jindrich Benda, 1965 **The Decolonization of Indonesia** Cornelis A. van Minnen, 1988 **Report on Indonesia**, 1964 *Fire and the Full Moon* David Webster, 2010-01-01 The history of Canada's postwar foreign policy is dominated by Cold War narratives the Gouzenko Affair UN peacekeeping missions and the Cuban Missile Crisis By contrast the story of Canada's response to decolonization in the Global South is less well known *Fire and the Full Moon* explores Canadian Indonesian relations to determine whether Canada's postwar foreign policy was guided by an overarching set of principles Canada a loyal member of the Western alliance wanted developing countries to follow a non revolutionary model of decolonization and paid little attention to violations of human rights Webster's reassessment of Canada's foreign policy objectives in Indonesia and of its own national image will appeal to students of diplomatic history interested in Asia and the developing world **Papua** Bilveer Singh, 2017-09-08 The Papuan conflict has been on the international radar screen since Indonesia became an independent state in 1945 Since the surrender of the territory of Papua to Indonesia in 1962 a low intensity military conflict has been building Most Papuans believed that their right to self determination was sacrificed on the altar of geopolitics Later when East Timor seceded peacefully from Indonesia Papuans expected the same right When this did not happen the conflict intensified In this pivotal work Bilveer Singh examines the history of the Papuan struggle and approaches to conflict resolution through the framework of its geopolitical implications Asserting that the Papuans were treated unjustly by Indonesia and the international community it is not surprising that many have come down squarely on the side of Papuan independence as a way out of the imbroglio While to some extent the Papuan's case cannot be denied definite political and strategic realities should not be ignored Unfortunately for the Papuans their territory has immense geopolitical geostrategic and economic significance not only for Indonesia but also for others such as the United States China Australia and a number of European countries Papua is wealthy under populated and backward in terms of human resource development Its future as a distinct entity is in real danger as the Papuans are becoming the minority in their own homeland Due to the asymmetry of power the Papuans struggle has not made a breakthrough that would force Indonesia to rethink the future of the territory in any fundamental way In order to unravel the dynamics involving Papuan separatism this study describes the Papuan political landscape Singh explains what makes Papua unique and how its makeup has affected the territory's political dynamics He analyzes the emergence of Papua as a geopolitical trophy calling into question the degree to which Papuan nationalism has crystallized Finally he questions whether Papua is emerging as a regional flashpoint and in view of its geopolitical importance the various options available Papua Geopolitics and the Quest for Nationhood will be of interest to scholars of international relations comparative politics of Indonesia and the Asia Pacific and policymaking *Papers on Indonesia-South Pacific Relations* Yaw Saffu, David Roskies, 1992 *Current Issues in Anthropology, the Netherlands* Peter Kloos, H. J. M.

Claessen,1981 *Indonesian News and Views* ,1974 *The Sequences of Crises in Indonesia* Akio Yasunaka,1978
Indonesia Malcolm Caldwell,Ernst Utrecht,1979 *Process of Decolonization in East Timor* Indonesia. Departemen Luar
Negeri,1976 **Indonesia Issues** ,1993 *East Timor and the International Community* Heike Krieger,Dietrich
Rauschnig,1997 The long running dispute over East Timor was for many years an unresolved item on the agenda of the
international community It involved issues of self determination non recognition and human rights This book was first
published in 1996 five years before East Timor regained its independence It thus serves as a record of the basic materials
relating to the historical background to the circumstances of the Indonesian invasion and following incorporation of East
Timor to the subsequent development of the dispute in the light of the international community s response to it and finally to
the 1995 judgment of the International Court of Justice in the case concerning East Timor between Portugal and Australia
The volume contains a substantive introduction which places the documents in context and provides an overview of the
political and legal issues of the dispute *Monograph Series* ,1961 Focus on Indonesia ,1967 United Asia ,1968
Interpreting Indonesian Politics Leo Suryadinata,1998 Interpreting Indonesian Politics comprises a collection of papers
written over a 20 year period presenting the author s analysis and reflections on the political and economic situation of the
country and tracing the growth of Indonesia as a nation from the time Suharto took over the reins of government in 1965 The
author proposes a framework within which Indonesian politics could be studied Suryadinata s framework would highlight the
basic factors which dominate the Indonesian political scene such as the role of the military Islam and the highly active and
vocal students The author explores the political interaction of these factors which will make this study particularly important
to scholars **The Land of Promise** Abdelwahab M. Elmessiri,1977 **Daily Report** ,1975-02 Indonesia News
