Between Worlds Leslie Umberger, 2018-10-02 Bill Traylor ca 1853 1949 is regarded today as one of the most important American artists of the twentieth century A black man born into slavery in Alabama he was an eyewitness to history the Civil War Emancipation Reconstruction Jim Crow segregation the Great Migration and the steady rise of African American urban culture in the South Traylor would not live to see the civil rights movement but he was among those who laid its foundation Starting around 1939 Traylor by then in his late eighties and living on the streets of Montgomery took up pencil and paintbrush to attest to his existence and point of view In keeping with this radical step the paintings and drawings he made are visually striking and politically assertive they include simple yet powerful distillations of tales and memories as well as spare vibrantly colored abstractions When Traylor died he left behind more than one thousand works of art In *Between Worlds* The Art of Bill Traylor Leslie Umberger considers more than two hundred artworks to provide the most comprehensive and in depth study of the artist to date she examines his life art and powerful drive to bear witness through the only means he had pictures The author draws on a wealth of historical documents including federal and state census records birth and death certificates slave schedules and interviews with family members to clarify the record of Traylor's personal history and family life The story of his art opens in the late 1930s when Traylor first received attention for his pencil drawings on found board and concludes with the posthumous success of his oeuvre **Painting a Hidden Life** Mechal Sobel, 2009-03-15 Born into slavery on an Alabama plantation in 1853 Bill Traylor worked as a sharecropper for most of his

life But in 1928 he moved to Montgomery and changed his life becoming a self taught lyric painter of extraordinary ability and power From 1936 to 1946 he sat on a street corner old ill and homeless and created well over 1 200 paintings Collected and later promoted by Charles Shannon a young Montgomery artist his work received star placement in the Corcoran Gallery s 1982 exhibition Black Folk Art in America From then on the spare and powerful radical modernity of Traylor s work helped place him among the rising stars of twentieth century American artists Most critics and art historians who analyze Traylor s paintings emphasize his extraordinary form and evaluate the content as either simple or enigmatic narratives of black life In *Painting a Hidden Life* historian Mechal Sobel s trenchant analysis reveals a previously unrecognized central core of meaning in Traylor s near hidden symbolism a call for retribution in response to acts of lynching and other violence toward blacks Drawing on historical records and oral histories Sobel carefully explores the relationship between Traylor s life and his paintings and arrives at new interpretations of his art From an interview with Traylor s great granddaughter Sobel learned that Traylor believed the Birmingham policemen who killed his son in 1929 in fact lynched him a story that neither Traylor nor his family had previously disclosed The trauma of this event Sobel explains propelled Traylor to find a way to voice his rage and spurred the creation of his powerful mysterious visual language Traylor s encoded paintings tell a vibrant multilayered story of conjure power sexual rivalry and violence Revealing an extraordinarily diverse visual universe the symbols in Traylor s paintings reflect the worlds he lived in between 1853 and 1949 the plantation conjure milieu into which he was born the blues culture in which he matured the world of Jim Crow he learned to secretly violate and the Catholic values he adopted in his final years From his African heritage Traylor drew symbols not readily understood by whites He mixed traditional African images with conjure signs with symbols of black Baptists and Freemasons and with images central to the hidden black protest movement the cross and the lynching tree In this groundbreaking examination of an extraordinary artist Sobel uncovers the internalized pain of several generations and traces the paths African Americans blazed long before the march down the Selma Montgomery highway *African Americans in the Visual Arts* Steven

Otfinoski,2014-05-14 While social concerns have been central to the work of many African American visual artists painters

Bill Traylor, William Edmondson and the Modernist Impulse Josef Helfenstein,Roxanne M. Stanulis,Krannert Art Museum,2004 Bill Traylor William Edmondson and the Modernist Impulse is the first large scale exhibition focusing on the works of two major figures in American and African American art history Bill Traylor 1854 1949 a draftsman and William Edmondson 1874 1951 a sculptor Although Traylor and Edmondson are typically defined as folk or outsider artists whose works reflect the roots of African American culture their work was discovered and first discussed in the broader context of modernism Born a slave in 1854 Bill Traylor worked as a cotton laborer throughout much of his life At the age of 85 while living on the streets in downtown Montgomery Alabama he picked up a pencil and began to draw When he died ten years later he had created more than 1 500 works of art that simultaneously pulse with the musical energy of the blues and reflect

on the economic depression and race relations in Alabama during the 1930s and 1940s William Edmondson was born into poverty in 1874 and in the early 1930s he began to gather discarded stones carving them into simple but powerful tombstones He died in 1951 leaving behind a body of work full of strongly abstract forms and divine inspiration Paradoxically Edmondson and Traylor were among the first African Americans to gain recognition from the official art world In 1937 Edmondson was the first black artist to be exhibited at The Museum of Modern Art New York and Traylor's work was shown both in Montgomery and in New York in the 1940s After World War II and the deaths of both artists 1949 and 1951 shifting priorities in institutional culture politics and taste but especially the dominance of Greenbergian aesthetic dogmatism removed artists like Traylor and Edmondson from a by now much narrower view of modern art As a result the work of both artists fell into oblivion for several decades However the civil rights movement and black cultural movements in the 1960s paved the way for a reevaluation and rediscovery Bill Traylor William Edmondson and the Modernist Impulse is the first exhibition however in which their work and careers will be discussed outside of the reductive framework of self taught art namely within the broader context of American and European culture of the first half of the twentieth century The aesthetic language of the work of both Edmondson and Traylor its simplicity freshness and independence in other words its radical modernity made it so attractive for young artists photographers and curators who were part of the modernist movement in America in the 1930s This exhibition and publication are part of a broader tendency to revisit the history of modernism in the United States and especially those exponents who have been excluded from the canon of modern art for several decades It is time to discuss and recognize the role and place of Bill Traylor and William Edmondson and their work outside the ghetto of outsider and self taught art This exhibition and publication offer a vehicle to better understand the aesthetic language of this work and the larger framework of cultural and social impulses to which it is related But most importantly the exhibition positions Traylor and Edmondson within the aesthetic discourse and institutional framework of modern art which since World War II has increasingly become a synonym for mainstream established art

clusters of artists working in the same milieu or vein of interest the exhibition features works by more than fifty artists including Bruce Nauman Gerhard Richter Martin Kippenberger Marlene Dumas Gabriel Orozco Kara Walker and Luc Tuymans The Wadsworth Handbook Laurie G.
