Deep Enough A Working Stiff In The West:

Deep Enough Frank A. Crampton, 1993 Of all the memoirs of the wild West Frank Crampton's autobiography of his youth in the mining camps ranks with the very best Scion of a wealthy New York family Crampton ran away from home in 1904 at the age of sixteen Two bindle stiffs picked him up in a Chicago railroad depot and led him west as they taught him to survive first as a hobo and then as a hard rock miner In the first two decades of this century Crampton lived and worked in almost all of the important mining camps in the West in California Arizona Nevada and Colorado as a miner assayer surveyor and finally one of the West's best known mining engineers In miners lingo deep enough meant I don't care or I've had it the term was applied to anything one did not like or wanted nothing more to do with Many of the experiences that Crampton describes were of that order He was trapped in a collapsed mine shaft for ten days He was in San Francisco at the time of the great earthquake and in Ludlow Colorado during the Ludlow Massacre He lived in Death Valley among the desert rats and witnessed the last days of the old French prospector John Lamoigne who never looked for anything where anyone else would expect to find it but where others were afraid to try He became so bored with barrooms and gambling dens at one time that he hired a girl of the line in Goldfield Nevada just for an hour's conversation So many adventures so much camaraderie novelty and humor are crammed into this true life story that fiction pales in comparison Bindle stiffs tin horns tender horns bohunks entrepreneurs politicians wives and women of the evening crowd the pages This reprinting of the 1956 edition of *Deep Enough* is enhanced by two new maps and additional photographs from the author's personal collection In reading it a new generation can share the extraordinary characters hardships and plain fun that Frank Crampton knew between the ages of sixteen and thirty

Daily Life in the American West Jason E. Pierce, 2022-07-08 *Daily Life in the American West* details the lives of American Indians miners cowboys immigrants and settlers who together populated the unique region that is the American West *Daily Life in the American West* combines the credibility and coverage of a history textbook with a close and nuanced view of the amazing peoples who struggled to make a home for themselves in a beautiful and evocative but harsh and unforgiving region Included here are close descriptions of how a variety of peoples lived their daily lives from nomadic Indian tribes to Chinese immigrants and from cowboys to city dwellers It also conveys how those individual lives are reflected in the sweeping changes that occurred in a century that saw the West become the most modern and diverse of all the nation's regions Readers will also find the expected cast of characters gunfighters American Indian leaders cowboys and so on that have long captured the imagination of people around the world covered with an academic focus that tries to tell an accurate story of the West and its role in the United States The book provides the scale of a textbook but in a more engaging format that should appeal to students and the general public

WORKING STIFFS Michael L. Carlebach, 2002-09-17 *Working Stiffs* explores the historical significance of the tintype a cheap fast easy to make practically indestructible type of photograph that became enormously popular among the working class in the late nineteenth century This collection exhibits

more than eighty examples of a specific kind of tintype occupational portraits photographs of working people with the tools of their trade In a detailed historical examination Michael L Carlebach finds that these often dismissed photographs reveal a great deal about late nineteenth century values **Mining Camp Tales of the Silvery Slocan** Peter Smith,2025-04-29

Mining Camp Tales of the Silvery Slocan tells the often overlooked story of British Columbia s silver rush and its accompanying boom towns In the 1890s mining camps like Sandon Three Forks Whitewater and their neighbours New Denver Silverton Slocan City Kaslo and Nakusp thrived Prospectors and miners from Idaho Montana and other mining centres arrived in droves to reap the silver harvest Capitalists flooded in from Spokane Seattle Vancouver and from investment centres across North America and the world At its height the silver rush ushered in a frenzy of activity where cities sprang up out of nowhere cultures clashed greed and racism prevailed law and order was a matter of perspective and yet somehow people still united in song dance and a spirit of community Although the boom era was short lived as plummeting silver prices labour disputes natural disasters and the discovery of Klondike gold severely dampened the spirits of the Silvery Slocan the rush left a legacy that endures to this day This book opens up a wealth of historical facts anecdotes and archival material on a chapter of mining history that has been largely forgotten until now *Hornswogglers, Fourflushers & Snake-Oil Salesmen* Matthew P. Mayo,2015-08-04

Everyone loves a heel especially one to whom nothing was sacred and who charmed his or her way into the hearts minds and wallets of bumpkins and belles alike This collection offers twenty four tales of petty bandits sleazy bunko artists and conniving conmen and women who traveled West to seek their fortunes by preying on the men and women who went before them to settle and explore These stories of who they were what they did and why they are remembered for their deeds include ample and engaging historic illustrations of the shady characters at work and at play Encyclopedia of Immigration and Migration in the American West Gordon Morris Bakken,Alexandra Kindell,2006-02-24

Through sweeping entries focused biographies community histories economic enterprise analysis and demographic studies this Encyclopedia presents the tapestry of the West and its population during various periods of migration Examines the settling of the West and includes coverage of movements of American Indians African Americans and the often forgotten role of women in the West s development *The West* Tom H. Watkins,Joan Watkins,1994

A powerful collection of stories memoirs songs poems paintings and photographs The West A Treasury of Art and Literature provides a panoramic overview and a glorious celebration of the American region that most reflects our hopes inspires our vision and stirs our imagination Amidst the stories of Native Americans explorers conquerors mountain men cowboys prospectors railroad men settlers outlaws and lawmen there is a sense of actions and individuals enlarged to epic proportions by the enormous diverse and beautiful landscape in which they appear We hear a range of powerful voices beginning with the West s first residents the Native Americans and continuing with the words of such writers as Lewis and Clark John Wesley Powell Elizabeth Custer wife of General George Custer Mark Twain Willa Cather N Scott Momaday Leslie

Marmon Silko Bernard DeVoto Owen Wister Zane Grey Theodore Roosevelt John Muir and Larry McMurtry From early Native American drawings explorer s maps magnificent landscapes and action packed images of rough and tumble cowboys and rowdy miners to poignant portraits of hopeful settlers and pioneers The West features over 200 images of western life landscape and culture Included here is the art of George Catlin Frederic Remington Charles Russell Thomas Moran Albert Bierstadt N C Wyeth Maynard Dixon Thomas Hart Benton Georgia O Keeffe David Hockney and many others The centuries old Native American songs and chants the writings of Elizabeth Custer Mary Austin and Barry Lopez offer different often dissonant perspectives Excerpts from John Wesley Powell s Exploration of the Colorado River of the West The Journal of Lewis and Clark and Robert Louis Stevenson s Across the Plains celebrate an extraordinary land of riches and adventure A taste of how newcomers to the region fared can be found in Mark Twain s Roughing It John Taylor Waldorf s A Kid on the Comstock and Vicente Perez Rosales s We Were 49ers You ll meet too those who saw the West as a place for new beginnings and struggled to establish a homeland like the Mormons in Richard Burton s The City of the Saints and the settlers described in Emma Mitchell New s account of life on the Kansas frontier The terrible loneliness of rural life is brilliantly evoked in Willa Cather s O Pioneers the hopes for a new society resonate in Woodie Guthrie s Bound for Glory and John Steinbeck s Leader of the People Today a new image is emerging in the West The romantic stereotype has given way to a literature woven out of the region s geography history and social complexity Contemporary writers like Pam Houston Ivan Doig and Wallace Stegner express what it means to call the West home at the end of the twentieth century Their voices redefine the richness of the West finding the magic in Stegner s words in its enduring existence as the native home of hope Nowhere has the extraordinary power of this region perhaps the oldest and most visionary place in our national history been so magnificently documented than in the words and images gathered in this glorious anthology
