Deeper Life A Meditation On Christian Mysticism:

Christian Mystics Ursula King, 2001 Ursula King's *Christian Mystics* offers a distinctive perspective on spirituality. The author presents the Christian mystical tradition through short biographies of its great figures, biographies which are highly readable without oversimplifying the ideas of these great figures. This is an outstanding entryway into the rich and deep world of Christian mysticism recommended for readers of all backgrounds. Michael Sells, Professor of Comparative Religions, Haverford College.

The Deeper Life Louis K. Dupré, 1981 *Wisdom from the Christian Mystics: How to Pray the Christian Way* David Torkington, 2018-01-26 When Quietism was condemned in 1687 it resulted in an antipathy if not an open hostility to authentic mystical theology. This situation has lasted down to the present day and has been aggravated by many forms of counterfeit mysticism that are self-centred not God-centred. The consequences have been disastrous. To restore the balance lost to Christian spirituality the author returns to the profound mystical teaching that Jesus himself lived and handed on to the early Church through his disciples. His research has resulted in a book that details a practical daily spirituality for all that mirrors that which was lived by our earliest Christian forebears. It emphasises the original balance between personal and communal prayer in such a way that our whole lives become the place where we continually offer our lives through Christ to the Father.

Zen and the Mystic Impulse Arnie Lade, 2025-07-01 Whether you are already on the spiritual path or just beginning this book will surely broaden your horizons. In this engaging exploration of Zen and its mystical teachings you will uncover a rich tapestry of spiritual insights that guide you on a transformative journey toward fulfillment, renewal and discovering your authentic self. Through this book you can learn to reconnect with the essence of your being and find true belonging in life, a journey that begins with the mystic impulse, the deep yearning for spiritual fulfillment that calls to us all. Arnie Lade draws from his own experience and practice and the wisdom of his teacher Willigis Jäger to guide you toward transformation. Willigis, a distinguished Benedictine monk, priest and Zen Master, was revered for his profound contributions to Zen and Christian contemplation. He was unique in being recognized and confirmed in both the Japanese Zen and Chinese Chan traditions, making him one of Europe's most influential spiritual teachers.

The Big Book of Christian Mysticism Carl McColman, 2010-01-01 An introduction to the mystical component of Christianity reveals its ancient traditions of meditation, philosophy, enlightenment and devotion to the blissful experience of a Divine presence in a volume that combines practical instruction with historical, biographical and biblical information.

Studies in Christian Mysticism William Henry Dyson, 1913

The New Big Book of Christian Mysticism Carl McColman, 2023-08-29 This revised and expanded edition offers a big possibility, the hope of achieving real experiential union with God. The Christian of the future will be a mystic or will not exist. This word of warning from theologian Karl Rahner was uttered half a century ago and today Christianity is indeed in crisis. Is mysticism necessary for the survival of Christianity? What exactly is Christian mysticism? How can it be relevant in our crisis-ridden world? Questions like these inspire *The New Big Book of Christian Mysticism*, a newly updated

edition from beloved spiritual teacher and bestselling author Carl McColman *The New Big Book of Christian Mysticism* serves as both introduction and practical instruction for a living contemplative practice today In addition to the overview of mysticism spiritual and prayer practices in mysticism the various types of mysticism in Christian tradition and influential mystics through the millennia this second edition offers an embodied understanding of the mystic life with a more diverse range of voices and perspectives from Howard Thurman to Pauli Murray It also includes new chapters and themes that address embodied mysticism contemplation and social justice and the ongoing relevance of Jesus's message of radical equality and inclusivity This bigger book introduces both Christians and non Christians to the contemplative tradition within Christianity a tradition that has often been marginalized or cloistered to the church's detriment As a practice oriented book this is an invitation to embrace the mystical element within Christianity a practice that can equip faithful persons with a joyful sense of divine intimacy not just for personal benefit but as a foundation to a life of service and activism in the interest of justice McColman's overview of mysticism shows how it has been practiced and lived through the centuries and will prove inspirational for today's seekers regardless of their faith tradition At its heart Christian mysticism is an ancient practice that incorporates meditation contemplation worship philosophy the quest for enlightenment the thirst for a better world and the experience of divine presence

Mysticism and Morality Richard H. Jones, 2004-01-01 In *Mysticism and Morality* author Richard Jones explores an often neglected question of religious ethics Is mysticism moral Through a discussion of several religious traditions including Hinduism Jainism Buddhism Tantrism Daoism and Christianity Jones fills a major void in the scholarly literature by considering all relevant points pertaining to mysticism Rather than looking at mysticism abstractly the book focuses on such topics as ritual practice and the processes of mystical becoming This work provides new perspectives for those interested in ethics and will prove essential to anyone interested in comparative philosophy and cross cultural studies of religion

Report of the First Anglo-Catholic Congress, London, 1920, 1920 Report, 1920 *Christian Mysticism* Harvey D. Egan, 1990 Christian mysticism is unique in its view of Jesus death and resurrection as the very cause and exemplar of the mystical life in all its purity Jesus saving death on the cross exemplifies the mystical letting go of everything consoling tangible and finite in order to surrender totally to the mystery of the Father's unconditional love This introduction to Christian mysticism presents four Christian mystics as paradigms of the classical tradition St Ignatius of Loyola St Teresa of Avila St John of the Cross and the unknown author of the *Cloud of Unknowing* From this foundation he moves to two contemporary figures Thomas Merton and Pierre Teilhard de Chardin each of whom reflects a contemporary transposition of the two mystical traditions the apophatic which emphasizes the radical difference between God and creatures and the kataphatic which emphasizes the similarity between God and creatures
