Defects And Diffusion In Semiconductors An Annual Retrospective 3:

Defects and Diffusion in Semiconductors D. J. Fisher, 2000 The third annual retrospective of the latest results in the field of defects and diffusion in semiconductors covers the period from mid 1999 to mid 2000 As usual the coverage also includes in addition to traditional semiconductors the more important of the nitride and silicide semiconductors *Defects and Diffusion in Semiconductors* D. J. Fisher, 1998 This issue and the ones which will follow year by year can be regarded not only as supplements to the recent special 10 year retrospective volumes on Diffusion in Silicon volumes 153 155 and Diffusion in III V Compounds volumes 157 159 but also as a return to the regular business of Diffusion and Defect Forum s 30 year project of succinctly summarising recent progress in these fields Defects and Diffusion in Semiconductors ,2007

Defects and Diffusion in Semiconductors I David Fisher, 1998-07-16 An Annual Retrospective **Defects and Diffusion in Semiconductors** D. J. Fisher, 2012 *Defects and Diffusion in Metals An Annual Retrospective - VII* David Fisher, 2004-12-31 This seventh volume in the series covering the latest results in the field includes abstracts of papers which appeared between the publication of Annual Retrospective VI Volumes 224 225 and the end of November 2004 allowing for vagaries of journal availability *Diffusion and Defect Data* ,2003 **Defects and Diffusion in Semiconductors** ,2008

Defects and Diffusion in Semiconductors - An Annual Retrospective IX David Fisher, 2007-01-15 This ninth volume in the series covering the latest results in the field includes abstracts of papers which appeared between the publication of Annual Retrospective VIII Volumes 245 246 and the end of January 2007 journal availability permitting **Defects and Diffusion in Semiconductors - an Annual Retrospective VIII** David Fisher, 2005-10-01 This eighth volume in the series covering the latest results in the field includes abstracts of papers which appeared between the publication of Annual Retrospective VII Volumes 230 232 and the end of 2005 allowing for vagaries of journal availability **Defects and Diffusion in Semiconductors - An Annual Retrospective VII** David Fisher, 2004-11-01 This seventh volume in the series covering the latest results in the field includes abstracts of papers which appeared between the publication of Annual Retrospective VI Volumes 221 223 and the end of September 2004 allowing for vagaries of journal availability *Defects and Diffusion in Semiconductors* D. J. Fisher, 2002-01-01 This fifth volume in the series covering the latest results in the field includes abstracts of papers which appeared within the approximate period of mid 2001 to mid 2002 The scope of this coverage again includes in addition to traditional semiconductors the increasingly important carbide nitride and silicide semiconductors Semiconducting oxides are not covered as information on these can be found in the Defects and Diffusion in Ceramics series However the invited papers this time deal exclusively with staple semiconducting materials including work on interstitial clusters intrinsic point defects and defects in silicon defect states in InAs quantum dots and defect generation at ZnSe GaAs interfaces Hydrogen Diffusion in Metals D. J. Fisher, 1999 The present work draws upon Diffusion and Defect Forum s 30 year project of summarizing recent progress in the fields of diffusion and defect research by collating the

relevant data which have been published during that time The large number of studies of iron alloys reflects the great commercial importance of hydrogen embrittlement an annoying phenomenon which has long plagued steel fabricators

Defects and Diffusion in Ceramics ,2003 Defects and Diffusion in Semiconductors D. J. Fisher,1999 This second volume in the new format coverage of the latest results in the field covers abstracts from the approximate period of mid 1998 to mid 1999 As always due to the vagaries of some journal publication dates abstracts of earlier work may be included in order that the present contents merge seamlessly with those of volumes 162 163 the previous issue in this sub series

Defects and Diffusion in Metals ,2007 Defects and Diffusion in Semiconductors III David Fisher,2000-08-26 An Annual Retrospective III Defects and Diffusion in Semiconductors XIII David Fisher,2011-07-04 An Annual Retrospective XIII
