Customer Service in the Transhuman Age Vit Horky,2018-11-12 There are over 14million customer service workers sitting at their desks right now picking up phones and responding to messages They are helping people like you and hundreds of millions of others every day when something gets broken or when something doesn t work However their jobs are in danger and yours could be too They could be largely replaced by computer automation With the rapid growth of

Artificial Intelligence capabilities connected products and virtual reality we will see a change in the customer service industry in the upcoming decade that we haven't seen before. Moreover, in just about 30 years, computers may reach and quickly surpass the general human intelligence. And then what? This book is for everyone who is curious about these developments and how it will affect everyone's job. Customer Service in the Transhuman Age. We'll soon be celebrating the arrival of the 21st year of the 21st century, and technology plays a larger role in our lives than ever. In the upcoming decades, humans will gain abilities previously associated only with gods or, in other words, they will become transhuman. As a result, companies will need to fundamentally change their approach to customer service in order to develop new revenue opportunities and strengthen market position. Customer Service in the Transhuman Age explores the development of transhumanism and how it could improve the way we do customer service. You'll find practical advice for moving customer service into the future starting today. Along with speculation about what remain unknown possibilities for digital customer service, you'll find plenty of key learnings and step-by-step improvements that come from the author's decade of experience in the industry. A Book for Customer Service Professionals. Customer Service in the Transhuman Age is written for customer service professionals as well as for passionate experts and managers across large and small companies. CEOs and managers may get inspired by the numerous use cases and new business opportunities. Customer service, customer experience, and IT professionals may put specific use cases into practice through practical checklists and step-by-step guides. Last but not least, this book is written for people who are both excited and a little scared about how technology will change the world for us and future generations and who seek to find out what we can do today to unleash the human potential around us. As you read these chapters, you'll explore the development of transhumanism and how it could improve the way we do customer service in the near future. Practical guide for implementation. The book includes a practical set of strategies and tactics helping every organization to utilize currently available technologies for modernization and successful digital transformation of a contact center. Among many, you will find practical use cases of using real-time chatbots, intelligent advisors, or video chat that both improve customer service efficiency and help to generate higher revenues. Chapters: 1. How Transhumanism Met Customer Service, 2. The Customer in Charge, 3. The Companies Breaking from the Past, 4. Will Machines Take Your Job, 5. The New and Liberated Agent, 6. The Challenges, 7. The Vision of What's Coming, 8. The Implementation Guide. [Customer Service Expert Level Full Certification Kit - Complete Skills, Training, and Support Steps to the Best Customer Experience by Redefining and Improving Customer Experience](#) Ivanka Menken, Tess Wheelwright, 2009. This Customer Service Expert Level Certification Kit builds on the knowledge and understanding of and looking at the essential skills and qualities required by Customer Service supervisors and managers. More than six out of ten people employed in customer-facing sales and service roles say that their manager's behavior towards them affects the level of customer service they deliver. The behavior of line management has a direct impact on the quality of service and brand experience that is extended to customers. Over three out of ten claim that

the relationship with their manager always impacted upon the customer experience they deliver The relationship between managers and their teams is so bad that one in ten customer facing workers consider it to be the biggest threat to their job security as big a worry as the possibility of their jobs being outsourced There s a host of indications that line managers are not fulfilling their responsibilities towards their teams In short managers are not managing The extent to which managers are reneging on their responsibilities is illustrated by the fact that four out of ten managers communicate with their teams for just 30 minutes or less in an average day Just over half of managers were found to converse with their teams for an hour a day or less Given the apparent general lack of communication between manager and team is it any wonder that the common perception of frontline workers is of individuals ill equipped to resolve customer issues and unable to effectively communicate an organization s products services and brand values More often than not Customer Service Supervisors and Managers have been promoted up the chain of command and began in an entry level Customer Service position Too rarely does this promotion come with corresponding training and support to ensure our supervisors and managers are equipped to deal with their new role It is time for a change This book gives practical concise help for delivering exceptional customer service the book and its accompanying eLearning course and Certification paves the way for the Best Customer Experience by Redefining and Improving Customer Experience An Innovative Strategy by the Industry Leader in Effective Customer Service Training This book and its accompanying eLearning course covers The abcs of supervising others Making the transition Tips for learning the ropes quickly Alpha leaders Team building Organizational shifts Types of teams Defining a team Team norms Beckhart s activities Managing team conflict Types of conflict Team member preparation Team leader s role in managing conflict Learning to be a leader What is a learning organization Are you a lifelong learner Five disciplines Discipline personal mastery Discipline mental models Strategies for working with mental models Discipline shared vision Discipline team learning Discipline systems thinking Coaching customer service staff Defining coaching two schools Coaching skills Interpersonal communication skills Critical coaching skills Powerful questions and active listening Learning styles and principles Adult learning principles The coaching model Coaching problems A personal action plan Motivating your workforce What is motivation The carrot the whip and the plant Maslow and herzberg s motivational theory Fear and desire Setting goals Work values What do we value in work Managing customer service Identifying change Identifying your customers Creating excellence Positive responses Active listening Effective complaint management Glossary Answer guide Certification Customer service certification pathway How does the certification pathway work How do i achieve my expert level References
