development Three themes dominate the chapters First the authors tirelessly celebrate reading Reading is good Reading will make one happy Reading elevates The second theme is opportunism If society is paying attention to reading librarians should get on board and seize the opportunity to build their status and to secure the place of libraries as critically important institutions The third theme is social inclusiveness Librarians should always keep in mind the political dimensions of public library service and assure that all sectors of the populations share in the benefits of library service Readers in search of guidance concerning what librarians should do will find plenty of that here EDITOR Willing's press guide James Willing,2004 *International Day of Persons with Disabilities – Children's Disabilities* Olaf Kraus de Camargo,Thorsten Langer ,Nihad A.
