Handbook of Research on Inclusive Development for Remote Adjunct Faculty in Higher Education

Dailey-Hebert, Amber, Mandernach, B. Jean, Donnelly-Sallee, Emily, 2020-10-16 As the number of adjunct faculty teaching online courses remotely for their institutions continues to increase so do the unique challenges they face including issues of distance and isolation as well as problems pertaining to motivation time and compensation Not only are these higher education faculty geographically isolated from each other and their colleagues at flagship campuses but they also lack adequate institutional support and resources necessary to perform their roles As institutions continue to rely heavily on this group of under supported and undertrained instructors who teach the majority of online courses offered across the country institutions need models and strategies to tap the expertise and perspectives of this group not only to improve teaching and learning in online programs but also to retain this critical talent pool More consideration is needed to create institutional affinity and organizational commitment build community and create opportunities for remote adjunct faculty to be included as an integral component to their academic departments The Handbook of Research on Inclusive Development for Remote Adjunct Faculty in Higher Education is a comprehensive reference work that presents research theoretical frameworks instructor perspectives and program models that highlight effective strategies innovative approaches and unique considerations for creating professional development opportunities for remote adjunct faculty teaching online This book provides concrete practices that foster inclusivity among contingent faculty teaching online as well as tangible practices that have been successfully implemented from faculty developers and academic leaders at institutions who have a large population of and heavy reliance on remote adjunct instructors While addressing topics that include faculty engagement mentoring programs and instructor resources this book intends to support remote instructors in the post pandemic world It is also beneficial for faculty development professionals academic administrative leaders higher education stakeholders and higher education faculty researchers and students

Handbook of Research on Adapting Remote Learning Practices for Early Childhood and Elementary School Classrooms

Courtney-Dattola, Ashley, 2021-12-17 Teaching is a demanding profession as there is constant fluctuation and evolution A portion of teaching is the ability to be able to adapt to various environments especially shifting from in person instruction to online practices Over the last few years early childhood and elementary school classrooms have been thrust into hybrid and remote learning environments and it is vital that educators and institutions adapt to new practices and create various outlets for teachers to be able to more adequately reach their young audience The Handbook of Research on Adapting Remote Learning Practices for Early Childhood and Elementary School Classrooms is a critical resource to assist teachers as they develop online teaching practices and work to cater to young students so that they can receive the strongest benefits from their education Through coverage of topics such as hybrid learning and parental involvement paired with sample lesson plans course formats concepts ideas and additional
