Blogging for Beginners Salvador Briggman,2018-01-26 It was literally insane I was 24 years old and I felt like I was rich I could go anywhere at any time and had no one to answer to At a moment s notice I could book a trip to Brazil Spain South Africa or France What s more I d make money while I was traveling The catch was I wasn t rich Nowhere close Don t get me wrong I was making good money I was living in New York City I could afford to party eat out and even save money But my time wasn t tied to my money I was making money in my sleep and not even trying Sounds like the story behind some kind of scam right I thought so too I never bought into book titles like The Four Hour Work Week Rich Dad Poor Dad or Think and Grow Rich When I talked about my job with relatives and family members they d raise their eyebrows in surprise They d look at me doubtfully

and say And you can make money at that Of course I could After all so many people online were making a killing People couldn't comprehend the fact that I was able to set up a blog so easily and rake in cash even when I was sleeping I had to be lying or doing something illegal Otherwise everyone would be doing it This book is going to show you exactly how to start your own blog and turn it into a full time cash generating machine I'm going to give you the keys to the kingdom which will unlock this entirely new career that you never thought possible

Blogs and Wikis David Kent, 2018-05-29 Blogs and wikis are different to other websites because they demand interaction They revolve around information sharing and allow students to produce content rather than consume it and react to existing content and influence it The authorship process gives students a sense of ownership and responsibility to the content that they develop for an audience as they work together as part of a learning community They also teach students about personal learning environments and lend themselves easily to socio constructivist models of teaching and learning while providing an avenue for differentiation and the tailoring of instruction to student needs Throughout this book the manner in which blogs and wikis are developed is considered while taking into account their pedagogical promise when teaching English to speakers of other languages TESOL An overview of instructional strategies tasks and activities is provided along with considerations necessary for applying these tools successfully Also included are tutorials photocopyable material evaluation techniques and a comprehensive list of resources
