**Keep Those Clients** Laurie Delk, 2016-08-11 What is Relationship Marketing and how do I do it Relationship Marketing is a facet of Customer Relationship Management CRM focusing on customer loyalty and long term customer engagement rather than short term goals like customer acquisition and individual sales It is a management strategy designed to encourage strong and lasting connections to your brand service or product The goal is to turn your prospects into loyal customers who will then generate repeat sales and encourage and give word of mouth promotions referrals Yes the goal is create loyal long term referring customers I say this with humility as

many of us should bring a bit of humility to our business and let go of expectations Be respectful of yourself and your customers clients referrals and potential clients Don t force people into liking you Value your message because you value yourself as the messenger The value you place in yourself as the messenger is the confidence you need to take the necessary steps outlined in this book You may be thinking I don t own my own business I work for someone else Well then this information is still for you Even if you are working in someone else s business we better ourselves our personal business sales when we live and believe we are working for ourselves If you are a sales person account representative working on commission etc know and understand this you are working for yourself Your effort directly effects your result income You will get out of a relationship what you put into the relationship When I started my web and graphic design business back in 1994 my Dad told me Never mix business with personal and never mix business with religion Back then he was right maybe But now a days that is not so Now a days people are craving relationships Maybe it has something to do with so many hiding behind the computer screen their phones etc We need that extra something when it comes to human contact People want to know who you are they want to see the real you We all struggle at some point in our lives with a specific question Where do I fit in It is our relationships it is who we have relationships with that tells us exactly where we fit into this crazy world Building a Relationship Relationships all start in the same place Two strangers meeting and desire to get to know each other Sometimes there are sparks in the beginning sometimes the relationship requires time Building a relationship requires 2 people to show and be who they are Building a true relationship is about letting the authentic you shine through Building a quality relationship requires your heart to lead you the wall must come down When our wall comes down the other person in the relationship can and will feel comfortable letting their wall down as well We are sharing a story and creating a new part of the story together Isolation doesn t build anything but loneliness So the question is how does the wall come tumbling down One of the ways I let my heart and authentic me shine through is cards I have always sent out cards for everything Think about a rose for a moment The petals are all wrapped tightly in the beginning Slowly a petal opens With each petal that opens a new picture is created Something beautiful happens All the petals are open the rose is in full bloom And inside that bloom we find the seeds The seeds of life Cards for me are the seeds of life Sharing moments with my friends my prospects my clients are the petals slowly opening Each card develops a deeper meaning until one day the picture is complete Yes I send cards to celebrate and share all occasions Thank you for your business nice to meet you thank you for talking to me birthday Christmas anniversary etc This is how I built a six figure business sitting at home behind a computer while nursing babies Working Mother ,2003-06 The magazine that helps career moms balance their personal and professional lives

regulation Black children are disproportionately likely to be torn from their families and placed in foster care driving many to juvenile detention and imprisonment The only way to stop the destruction caused by family policing Torn Apart argues is to abolish the child welfare system and liberate Black communities     *Primary Plans* Elizabeth P.
