They constantly grapple with complicated questions surrounding money: What do they do with their money? How do they plan for their future? Most of the time they get bad advice. Mutual funds have not really delivered meaningful returns; stock selection is extremely complicated and sophisticated; investments like PMSs, AIFs, etc. are only for the wealthy. This book tries to help these young investors by offering them a framework they can use to create wealth in the long run. Using the wisdom and experience of India's top personal finance professionals, the book answers critical questions such as: Should I rent a house or buy a house? Passive investing versus active investing? Stocks versus mutual funds? Debt funds or FDs? And finally, crypto or no crypto? **Design Your Life** Erifili
