Decadence Catholicism:

Decadence and Catholicism Ellis Hanson, 1997 Romantic writers had found in Christianity a poetic cult of the imagination an assertion of the spiritual quality of beauty in an age of vulgar materialism The decadents a diverse movement of writers were the climax and exhaustion of this romantic tradition In their art they enacted the romance of faith as a protest against the dreariness of modern life Ellis Hanson teases out two strands eroticism and aestheticism that rendered the decadent interest in Catholicism extraordinary More than any other literary movement the decadents explored the powerful historical relationship between homoeroticism and Roman Catholicism Why throughout history have so many homosexuals been attracted to Catholic institutions that vociferously condemn homosexuality This perplexing question is pursued in this elegant and innovative book Late nineteenth century aesthetes found in the Church a peculiar language that gave them a means of artistic and sexual expression The brilliant cast of characters that parades through this book includes Oscar Wilde Charles Baudelaire J K Huysmans Walter Pater and Paul Verlaine Art for these writers was a mystical and erotic experience In decadent Catholicism we can glimpse the beginnings of a postmodern valorization of perversity and performativity Catholicism offered both the hysterical symptom and the last hope for paganism amid the dullness of Victorian puritanism and bourgeois materialism

Catholicism as Decadence Marcello Fantoni, Chiara Continisio, 2008 This volume is the result of two workshops that took place at the Center for the Study of Italian History Culture of Georgetown University Fiesole and dealt with the relationship between Catholicism and the interpretative canons of history This theme was instrumental to the discussion of the causes leading to the emergence of the concept of decadence during the age of the counter reformation and of the link between Catholicism and anti modernity In keeping with this theme the volume offers a panorama of the various national historiographies in order to highlight the specific ideological and historiographical trends that led to this association From the discussion emerged both common trends and different declinations of one single phenomenon Thus it has been possible to present for the first time both a comparative perspective and a more general view The association between Catholicism and anti modernity which originated during the age of the Reformation and expressed itself in literature in historiography and in political and philosophical thought and more generally in the collective imagination has become a cultural phenomenon that reached its zenith in the nineteenth century It has had a strong impact on the epistemology of historical research has contributed to shape many different identity paradigms and has become a distorting lens through which to read the role of Catholicism in political debate and in social dynamics Contributors Marcello Fantoni Chiara Continisio John T McGreevy John O Malley John Monfasani Jos Mart nez Mill n Simon Ditchfield Manfred Hinz Helen Hills The Catholic Church, the Renaissance and Protestantism Alfred Baudrillart, 1907 *Fears and Fascinations* Thomas Fredrick Haddox, 2005 Looking at the works of diverse writers as the *gens de couleur libre* poets of antebellum New Orleans this book focuses on the shifting and contradictory ways Catholicism has signified within southern literature and culture It contributes to a more nuanced understanding of American and southern literary and cultural history Catholic World, 1917

Suicide in Modern Catholic Literature Martin Lockerd, 2025-06-10 Suicide plays a major role in modern literature and the philosophy that informs it For Catholic authors who have always understood the act within the framework of sin and redemption it carries a special significance In the last century Catholic literary figures as diverse as J R R Tolkien and Walker Percy Robert Hugh Benson and Muriel Spark J K Huysmans and Graham Greene wrestled with the problem of suicide in their work and produced art that confronts the despair so common in modern existence As suicide rates continue to increase across the developed
