Decisions and Revisions in T.S. Eliot Christopher Ricks, 2003 Rhythms of Feeling in Edward Lear, T. S. Eliot, and Stevie Smith Jasmine Jagger, 2022 Rich with unpublished material and detailed insight *Rhythms of Feeling* offers a new reading of three of the most celebrated poets Edward Lear T S Eliot and Stevie Smith Tracing exciting lines of interplay affinity and influence between these writers for the first time the book shifts the terms of critical debate on Lear Eliot and Smith and subtly reorients the traditional account of the genealogies of Modernism Going beyond a biographically framed close reading or a more general analysis framed by affect theory the volume traces these poets affective rhythms fits tears nerves to consider the way that poetics the mental and physical process of writing and reading and the ebbs and flows of their emotional weather might be in dialogue Attentive acute and often forensic the book broadens its reach to contemporary writers and medical accounts of creativity and cognition Alongside deep critical study this volume seeks to bring emotional intelligence to criticism finding ways of speaking lucidly and humanely about emotional and physical states that defy lucidity and stretch our sense of the human Provided by publisher *Granular Modernism* Beci Carver, 2014-11-27 Granular Modernism understands the way that some Modernist texts put themselves together as a way of pulling themselves apart In this volume Beci Carver offers a new way of reading Modernist novels and poems by drawing attention to the anomalies that make them difficult to summarise or simplify Carver proposes that rather than trying to find the shapes of narrative or argument in their writing the Granular Modernists namely Joseph Conrad William Gerhardie Evelyn Waugh Henry Green T S Eliot W H Auden and Samuel Beckett experiment in certain of their works in finding the shapelessness of a moment in history that increasingly confidently called itself modern which was to call itself shapeless The project of Modernism in the late nineteenth and the first half of the twentieth century was to find a story to tell about an era full of beginnings The project of Granular Modernism was to find a way of turning the inchoateness of the modern moment into art Granular Modernism takes from the Naturalist movements of the nineteenth and early twentieth century its attentiveness to the process of mundane experiences like eating or waiting But where Naturalism sets out to offer a complete picture of a way of life Granular Modernism s eating and waiting fail to amount to anything more to paraphrase Evelyn Waugh The most they can hope for is a cumulative futility Frank Norris once described one of Stephen Crane s narrators as a locust in a grain elevator attempting to empty the silo by carrying off one grain at a time Norris is being dismissive But his image of pointless meticulous indefinite manoeuvre potentially defines the ambition of the Granular Modernists *Great Shakespeareans Set III* Adrian Poole, Peter Holland, 2014-09-11 *Great Shakespeareans* presents a systematic account of those figures who have had the greatest influence on the interpretation understanding and cultural reception of Shakespeare both nationally and internationally This major project offers an unprecedented scholarly analysis of the contribution made by the most important Shakespearean critics editors actors and directors as well as novelists poets composers and thinkers from the seventeenth to the twentieth
