embarks on a road of discovery through a series of chance meetings which allows him to put both faiths to the test in order for him to make the fateful decision as to which one he will choose A comparison of the two faiths is given through the review of Biblical passages through the examination of scientific theory vs religious beliefs and through an exploration of history It s a journey that will enlighten the reader with a different perspective of both Christianity and Judaism and will change his understanding of religion in general Federal Decisions United States.
