*Decisions! decisions! : Christian ethics for modern man* George A. Chauncey, 1972      Decisions! Decisions! George A. Chauncey, 1972 Examination of moral issue in contemporary life ethical questions for Christians      Ethics of Decision George Forell, 2002-10-04 The objective of this short introduction to Christian ethics is to help the reader come to a clearer understanding of the Christian life in our age For this reason Christianity is presented against the background and within the context of other present day efforts to understand the meaning of life Whether he likes it or not man must make decisions He cannot choose not to choose He must find some principle that will enable him to live coherent life an integrating principle that will determine his ethical code      The Publishers Weekly ,1895      **Rich Man Poor Man** Donald W. **Biblical Interpretation and Christian Ethics** J. I. H. McDonald, 1993-12-02 Inter disciplinary studies are emerging rapidly to meet the insistent demands of the modern age Biblical interpretation is itself inter disciplinary drawing together the biblical traditions and others to address the problem of interpreting texts Christian ethics is also multi disciplinary and thus no stranger to this new ethos To bring these two areas together is a potentially creative undertaking It comes at a time when much attention is being paid to reading texts and the interpretive tradition The author s principal aim is to read the Bible in the context of moral concern Attention is paid to the liberal quest and to eschatology and ethics each marking a distinct epoch in the relationship of Bible and ethics before the post critical age is studied under the rubric participation in meaning The final section deals with ethics and historical reading and with ethics and contemporary reading The book concludes with a discussion of selected practical topics      *Introduction to Christian Ethics* Roger H Crook, 2015-10-02 This book is a college level introductory textbook in Christian ethics It introduces the field of ethics and a variety of approaches to its study The book is written for college students and is designed to help them develop a method of dealing with the thorny moral issues      **Catalog of Copyright Entries. Copyright Office, 1974      **Paperbound Book Guide for Colleges** ,1972      *Journal of International Affairs* ,1972      *Presbyterian Survey* ,1973      Ethical Values in International Decision-Making B. Landheer, 2012-12-06 The Conference on Ethical values in international decision making was held by the Grotius Seminarium in the period June 16 20 1958 at the Institute of Social Studies in the Hague At that time a number of papers were distributed to the par ticipants while after the Conference two brief reports appeared in De Internationale Spectator 1958 I p 426 435 and in Research and Education in the Netherlands September 1958 Vol II no 3 p 18 21 As considerable time has elapsed since this Booklet does not give a report on the Conference but rather it attempts to recapture its spirit and to elaborate some of the problems which were discussed The introductory Remarks do this in an individualistic manner for which the author alone is responsible but it is hoped that this way of presenting the topic of the Conference anew will rekindle the interest of the original participants while it may attract others and give them an impression of what the Grotius Seminarium is trying to do In addition those of the papers which dealt with the more general

aspects of the Conference's topic are presented in this booklet B LANDHEER December 1959 TABLE OF CONTENTS 1
