Deck Deconstruction Magic The Gathering:

Beyond the Deck Shelly Jones, Matthew Wilhelm Kapell, 2023-08-08 Since its debut in 1993 Magic The Gathering has grown to be an influential collectible card game allowing its community of loyal fans to duel each other while enjoying its lore and compelling narratives This collection of essays focuses on Magic from a variety of disciplinary approaches Authors explore the innovative game design of Magic the ludic differences between analog and digital play how players interact with the MTG market and one another professional play versus casual play and the many ways Magic has impacted gaming

The Publishers Weekly, 2001 **Alliances Revealed** George H. Baxter, 1996-07 Pro player George Baxter gives his analysis of each card from the Alliances set in an organized and easy to read fashion Alliances Revealed describes the advantages of including individual cards from the Alliances set in tournament level decks and the benefits of those cards in different tournament environments Various card combinations and their value in tournament decks are identified as well as less effective cards not strong enough for tournament level play Mr Baxter diagrams sixteen powerful decks that include cards from the new Alliances set as well as the top decks from the 1996 U S Championships Paper Time Machines Maurice W. Suckling, 2024-08-14 James Dunnigan s memorable phrase serves as the first part of a title for this book where it seeks to be applicable not just to analog wargames but also to board games exploring non expressly military history that is to political diplomatic social economic or other forms of history Don t board games about history made predominantly out of layered paper permit a kind of time travel powered by our imagination Paper Time Machines Critical Game Design and Historical Board Games is for those who consider this a largely rhetorical question primarily for designers of historical board games directed in its more practice focused sections Parts Two Three and Four toward those just commencing their journeys through time and space and engaged in learning how to deconstruct and to construct paper time machines More experienced designers may find something here for them too perhaps to refresh themselves or as an aid to instruction to mentees in whatever capacity But it is also intended for practitioners of all levels of experience to find value in the surrounding historical contexts and theoretical debates pertinent to the creation of and the thinking around the making of historical board games Parts One and Five In addition it is intended that the book might redirect some of the attention of the field of game studies so preoccupied with digital games toward this hitherto generally much neglected area of research Key Features Guides new designers through the process of historical board game design Encapsulates the observations and insights of numerous notable designers Deeply researched chapters on the history and current trajectory of the hobby Chapters on selected critical perspectives on the hobby **Fun, Taste, & Games** John Sharp, David Thomas, 2019-03-12 Reclaiming fun as a meaningful concept for understanding games and play Fun is somewhat ambiguous If something is fun is it pleasant Entertaining Silly A way to trick students into learning Fun also has baggage it seems inconsequential embarrassing child s play In Fun Taste the seminal but underinfluential game Myst and how tastes change over time the shattering of the gamer community in

Gamergate and an aesthetics of play that goes beyond games **Meaningful Game Design** Devon Allcoat,Chris Evans,2023-11-24 This book provides readers with the tools and methods with which to create effective tabletop games It covers the design and development process thoroughly guiding readers through the necessary mechanics messages and motivations of games that must be understood in order to build successful tabletop games including serious educational games for teaching or training Through a range of learning activities and methodologies readers will develop an understanding of games and an appreciation for the creating and testing of game play whilst critically exploring the relationship between games motivation and learning It includes chapters on design methodology narrative accessibility playtesting and more This book will be of great interest to students of game design and serious game design courses It will also appeal to designers educators and hobbyists interested in designing and developing their own tabletop games educational or otherwise *Forthcoming Books* Rose Arny,2003 **Deckade** Michael J.
