Decline Of The Public The Hollowing Out Of Citizenship:

Decline of the Public David Marquand, 2004-03-12 To construct a civilization around the nostrum that the public realm is morally economically and socially inferior to the private realm is to submit to an alien barbarism in which what we hold uncommon is permanently placed as second best David Marquand has constructed a masterly and highly readable plea for the idea of the public once again to be celebrated in British life His re entry into the national conversation could not be better timed or more important Let s hope our fellow citizens take arms in the battle he invites us to join Will Hutton Columnist Observer Newspaper A profound analysis of the decline of the public realm and the growth of unaccountable government in Britain The summation of a life s work by one of Britain s leading political thinkers John Gray The London School of Economics The public domain of citizenship equity and service is crucial for individual fulfilment and social well being But it has been under attack for thirty years first from the market fundamentalists of the New Right and then from their New Labour imitators The results are everywhere resource starved public services the marketization of the public sector the soul destroying targets and audits that go with it the denigration of professionalism and the professional ethic and the erosion of public trust More damaging still are the hollowing out of citizenship the manipulative populism that now pervades British government and a slide towards a new version of the Old Corruption that our Victorian ancestors thought they had banished David Marquand traces the growth of the public domain from Gladstone to Attlee analyses the forces that began to undermine it in its post war heyday and exposes the campaign that the Thatcher and Blair governments have waged against it He ends with a call for a counter attack based on a re statement of the civic ideal in a twenty first century idiom This book will appeal to all those who take an interest in current political events as well as those studying politics and social policy **Civic**

Learning, Democratic Citizenship and the Public Sphere Gert Biesta, Maria De Bie, Danny Wildemeersch, 2013-10-07

This book explores the relationships between learning democratic citizenship and the public sphere from three interconnected angles theory methodology and research The main message of the book is that civic learning necessarily has a public character as it is learning that emerges from engagement in democratic processes and practices that occur both at the centre and the margins of society Through a combination of theoretical development methodological reflection and empirical case study the chapters in the book provide new insights in the complexities of learning in the context of the ongoing struggle for democracy **Placing the Public in Public Health in Post-War Britain, 1948-2012** Alex

Mold, Peder Clark, Gareth Millward, Daisy Payling, 2019-05-16 This open access book explores the question of who or what the public is within public health in post war Britain Drawing on historical research on the place of the public in public health in Britain from the establishment of the National Health Service in 1948 the book presents a new perspective on the relationship between state and citizen Focusing on health education health surveys heart disease and the development of vaccination policy and practice the book establishes that the public was not one thing but many It considers how public

health policy makers and practitioners imagined the public or publics These publics were not mere constructions they had agency and the ability to speak back to public health The nature of publicness changed during the latter half of the twentieth century and this book argues that the relationship between the public and public health offers a powerful lens through which to examine such shifts

The Rise and Fall of Radical Westminster, 1780-1890 M. Baer, 2012-07-25 The Rise and Fall of Radical Westminster 1780 1890 explores a critical chapter in the story of Britain's transition to democracy Utilising the remarkably rich documentation generated by Westminster elections Baer reveals how the most radical political space in the age of oligarchy became the most conservative and tranquil in an age of democracy

Social Opulence and Private Restraint Noel W. Thompson, 2015 Social Opulence and Private Restraint is a study of the place of the consumer and consumption in the political economy of British socialism from its early nineteenth century origins through New Times Marxism to the consumer focused New Labourism and political economies critical of consumerism that can be found in the late twentieth and early twenty first century Left Noel Thompson identifies and explicates recurrent themes which cross the boundaries of the conventional periodisation of the history of British socialist thought themes which illustrate the sustained nature of the multifaceted ideological challenge presented by the accommodation of the consumer within socialist political economy This challenge necessitates an engagement with the character and priorities of a future socialist society As such it touches on some of the key issues which socialists have confronted in pursuit of their vision of a good society issues with a strong contemporary relevance such as the desirability of private as against social opulence the relationship between consumption and happiness the need to educate and or to liberate desire and in particular the environmental and social consequences of rising levels of consumer expectation and consumption The study also throws light on how the disparate ways in which these issues were addressed reflected and shaped the socialist political economies that emerged in the nineteenth and twentieth centuries while also engendering tensions between them

Court Government and the Collapse of Accountability in Canada and the United Kingdom Donald Savoie, 2008-05-10 Donald J Savoie argues that both Canada and the UK now operate under court government rather than cabinet government

The Impact of Feminism on Political Concepts and Debates Georgina Blakeley, Valerie Bryson, 2007-10-15 Many feminists have engaged with man made concepts and approaches of traditional political analysis to produce an increasingly sophisticated and wide ranging body of thought This book starts with the idea that such work is not simply something for the girls Rather it has profound implications without which our understanding of political processes will be impoverished This book provides an accessible overview and assessment of the impact of recent feminism Each chapter takes a mainstream concept and examines critical debates around it and feminist reactions critiques It analyses the significance of feminism for the concept and considers whether it can simply be extended to include women or whether it should be radically transformed or even abandoned

Citizenship and Consumption Kate Soper, Frank Trentmann, 2008-01-15 This book provides a timely forum for current

thinking on consumption and citizenship exploring overlaps and tensions between them Experts from history theory media studies law and civil society retrieve alternative traditions of consumption and citizenship in West and East and evaluate the civic prospects of consumption for the future The Unfulfilled Prime Minister Peter Riddell,2006 Presents a dissection of Blair s exit strategy This work includes an analysis of the Blair endgame Despite a record third election victory it provides an analysis of political unfulfillment Soundings ,2006 Renewal ,2004 *Market Citizenship* Amanda Root,2007-07-21 Citizens are caught in a paradox Voting levels are falling there are growing feelings of powerlessness social unfairness and yet citizens are constantly told that they have more choice as well as greater freedom and liberty This book brilliantly explains these discrepancies It shows that the new definitions of freedom as responsibility to create prosperity through markets is seriously distorting citizenship whilst appearing to be unbiased and neutral It exposes inconsistencies in the market based and apolitical vision of our collective future This book outlines how market citizenship involves a new kind of rationality in which citizens are defined as individualized utility maximizers shows how the idea that citizens act primarily to develop their narrow self interest has encouraged the creation of competitive governance mechanisms analyses how market mechanisms are used to decide who are winners and losers from the loss of youth groups funding to global treaties discussess the shortfalls when key contemporary issues are tackled through win win solutions with business working alongside consumers with little or no role for government explains how localism and the devolution of power is being used to support the status quo suggests new kinds of engagement are emerging because markets have undermined politics Essential reading for students policy makers and researchers of citizenship within sociology politics economics geography and social policy **The Socialist Register** ,2006 The Making of the Consumer Frank Trentmann,2006 The Making of the Consumer follows the evolution of the consumer in the modern world ranging from imperial Britain to contemporary Papua New Guinea and from the European Union to China **Public Matters** Patrick Diamond,2007 The modernisation of public services is one of the central challenges facing any government There are enormous expectations surrounding the public service reform agenda but also real anxieties This book examines this topic *IBSS: Political Science: 2004 Vol. 53* The British Library of Political and Economic Science,2005-10-26 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world s most expert librarians and academics Breadth Today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage The IBSS reviews scholarship published in over thirty languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are
