Deconstructing the Left Peter Collier, David Horowitz, 1991 **Deconstructing the Left** Peter Collier, David Horowitz, 1991 All over the world Marxism is a bankrupt political force but not on American campuses where socialist fantasies and anti American impulses are alive and well On the faculties of American universities the reign of tenured radicals and the politically correct continues unbroken Deconstructing the Left is a challenge to this radical orthodoxy by ex radicals Peter Collier and David Horowitz **A Companion to Lyndon B. Johnson** Mitchell B. Lerner, 2012-02-13 This companion offers an overview of Lyndon B Johnson s life presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office Explores the legacy of Johnson and the historical significance of his years as president Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President *Unheralded Victory* Mark Woodruff, 2005-10-25 Along with a half million other young men Mark Woodruff put his life on the line to serve his country in Vietnam Like so many others he returned home to find himself regarded not as a hero but as a humiliating reminder of the only war the United States ever lost This Marine however is determined to set the record straight Woodruff never wavers from the cold hard facts in this riveting book Battle by battle Unheralded Victory provides incontrovertible proof that the United States won this war from the vaunted 1968 Tet Offensive in reality a shattering defeat that decimated the Viet Cong to Linebacker II the final knockout blow that forced North Vietnam to the table Make no mistake our warriors in Vietnam were victorious It s time America sat up and took notice For the Hell of It Jonah Raskin, 2023-11-15 As cultural revolutionary media celebrity Yippie lost soul and tragic suicide Abbie Hoffman embodied the contradictions of his era In this riveting new biography Jonah Raskin draws on his own twenty year relationship with Hoffman hundreds of interviews with friends family members and former comrades and careful scrutiny of FBI files court records and public documents For the Hell of It is a must read not only for those interested in this ultimate iconoclast but also for all who seek a fuller understanding of Abbie Hoffman s America As cultural revolutionary media celebrity Yippie lost soul and tragic suicide Abbie Hoffman embodied the contradictions of his era In this riveting new biography Jonah Raskin draws on his own twenty year relationship with Hoffman hundreds of inter Guide to the American Left , 1999 **The Cristal Experiment** Armando Navarro, 1998-07-15 Amidst the turbulence and militancy of the 1960s and early 1970s the Mexicano population of the dusty agricultural town of Crystal City Texas Cristal in Spanish staged two electoral revolts each time winning control of the city council and school board The landmark city council victory in 1963 was a first for Mexican Americans in South Texas and Cristal the spinach capital of the world became for a time the political capital of the Chicano Movement In The Cristal Experiment Armando Navarro presents the most comprehensive examination to date of the rise of the Chicano political

movement in Cristal its successes and conflicts both internal and external and its eventual decline He looks particularly at the larger and more successful Second Revolt in 1970 and its aftermath up to 1981 examining the political economic educational and social changes for Mexicanos that resulted Drawing upon nearly 100 interviews a wealth of secondary materials and his own experiences as a political organizer in the Chicano Movement Navarro offers a shrewd and insightful analysis not only of the events in Cristal but also of the workings of local politics generally the politics of community control and the factors inherent in the American political system that lead to the self destruction of political movements As both a political scientist and an organizer he outlines important lessons to be learned from what happened in Cristal and to the Chicano Movement

Left Illusions David Horowitz,2003 I make no apologies for my present position My values have not changed but my sense of what supports them and makes them possible has It was what I thought was the humanity of the Marxist idea that made me what I was it is the inhumanity of what I have seen to be the Marxist reality that has made me what I am David Horowitz
