Three by Allen Bobby Taboada, *The Mastery of Destiny* James Allen,1909 *The Mastery of Destiny* Associate Professor of Philosophy James Allen,2017-02-10 The Mastery of Destiny written in 1909 by James Allen is one of the best self help books in History Contents Deeds Character and Destiny The Science of Self Control Cause and Effect in Human Conduct Training of the Will Thoroughness Mind Building and Life Building Cultivation of Concentration Practice of Meditation The Power of Purpose The Joy of Accomplishment *The Mastery of Destiny* James Allen,2012-03-25 Men are conscious that there are certain occurrences which they cannot control and are powerless to avert They call this God Providence Fate Destiny etc But contradictory as it may appear there is an equally widespread belief in man s responsibility as a free agent And so James Allen begins his book Mastery of Destiny In it he reveals the secret to controlling your destiny He shows how Fate and Free Will are two aspects of one law the law of cause and effect or to put it into biblical terms that which you sow shall ye also reap Man is the doer of his own deeds as such he is the maker of his own character and as the doer of his deeds and the maker of his character he is the molder and shaper of his destiny Become the master of your own destiny with this classic in the New Thought and self improvement genres which is based on sound biblical principle *The Master of Destiny* Associate Professor of Philosophy James Allen,James Allen,2011-01-01 The Mastery of Destiny embodies James Allen s teachings that our thoughts can be used to increase our capabilities and to create our lives as we desire them to be Allen tackles a number of pivotal topics in this short tome including the Law of Cause and Effect the Law of Attraction breaking bad habits and the joy of accomplishment To Allen characteristics are fixed habits of mind the results of deeds An act repeated a large number of times becomes unconscious or automatic that is it then seems to repeat itself without any effort on the part of the doer so that it seems to him almost impossible not to do it and then it has become a mental characteristic Since this is the case if you stay focused on repetition being one of the major keys what you want you will get what you want with little or no conscious effort Written in 1909 The Mastery of Destiny is one of nineteen books that James Allen wrote in his short nine year literary career which ended with his death in 1912 Chapters in this short but extremely helpful book include Deeds Character and Destiny The Science of Self Control Cause and Effect in Human Contact Training of the Will Thoroughness Mind building and Life Building Cultivation of Concentration Practice of Meditation The Power of Purpose and The Joy of Accomplishment **The Industrial School Journal** ,1917 **Shakespearean Tragedy** Andrew Cecil Bradley,1922 1908 From the Introduction In these lectures I propose to consider the four principal tragedies of Shakespeare from a single point of view Nothing will be said of Shakespeare s place in the history of either English literature or of the

drama in general No attempt will be made to compare him with other writers I shall leave untouched or merely glanced at questions regarding his life and character the development of his genius and art the genuineness sources texts interrelations of his various works Even what may be called in a restricted sense the poetry of the four tragedies the beauties of style diction versification I shall pass by in silence Our one object will be what again in a restricted sense may be called dramatic appreciation to increase our understanding and enjoyment of these works as dramas to learn to apprehend the action and some of the personages of each with a somewhat greater truth and intensity so that they may assume in our imaginations a shape a little less unlike the shape they wore in the imagination of their creator
