Notable American Women with Czechoslovak Roots Miloslav Rechcigl Jr.,2019-09-16 Even though there exist only a few general studies on the subject of Czechoslovak American women this is not at all a reflection of the paucity of work done by these women as this publication demonstrates This monograph is a compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date Included are not only individuals born on the territory of former Czechoslovakia but also their descendants This project has been approached strictly geographically irrespective of the language or ethnicity Because of the lack of bibliographical information most of the monograph comprises biobibliographical information in which area a plethora of information exists As the reader will discover these women have been involved practically in every field of human endeavor in numbers that surprise On the whole they have been noted for their independent spirit and nonconforming role

Correspondences T. A. Shippey,Martin Arnold,2005 *High are the Mountains* Hannah Priebisch Closs,1978 The time is the 13th century when worldly kings and ambitious churchmen joined in an unholy alliance of conquest and corruption The place is southern France where a visionary nobleman and a defiant people stood firm in defense of their freedom and faith against the invaders The hero is young Wolf of Foix illegitimate son of an arrogant aristocrat tormented lover of a capricious beauty on the perilous path of a dramatic destiny Page 4 of cover *Encyclopedia of Bohemian and Czech-American Biography* Miloslav Rechcigl Jr.,2016-11-10 As the Czech ambassador to the United States H E Petr Gandalovic noted in his foreword to this book that Mla Rechcigl has written a monumental work representing a culmination of his life achievement as a historian of Czech America The Encyclopedia of Bohemian and Czech American Biography is a unique and unparalleled publication The enormity of this undertaking is reflected in the fact that it covers a universe starting a few decades after the discovery of the New World through the escapades and significant contributions of Bohemian Jesuits and Moravian brethren in the seventeenth and eighteenth centuries the mass migration of the Czechs after the revolutionary year of 1848 and up to the early years of the twentieth century and the influx of refugees from Nazism and communism The encyclopedia has been planned as a representative a comprehensive and authoritative reference tool encompassing over 7 500 biographies This prodigious and unparalleled encyclopedic vade mecum reflecting enduring contributions of notable Americans with Czech roots is not only an invaluable tool for all researchers and students of Czech American history but is also a carte blanche for the Czech Republic which considers Czech Americans as their own and as a part of its magnificent cultural history

Perspectives on Indian Fiction in English M. K. Naik,1985 This is the fourth and final volume in the pioneering series on Perspectives on Ma or Forms of indian English Literature edited by Professor M K Naik Following the pattern of the earlier three volumes this collection also includes two types of essays those evaluating the entire corpus of major fictionists and schools and those attempting intensive textual analyses of outstanding novels like Untouchable The Guide The Serpent and

the Rope and Midnight's children The final essay on The Achievement of Indian Fiction in English is an attempt to survey the entire field and evaluate the total achievement in this genre A number of collections of critical essays on Indian fiction in English have appeared during recent years but perhaps none of them has the range and depth of this volume The contributors include distinguished scholars such as K R Srinivasa Iyengar V A Shahane D V K Raghavacharyulu PremaNandakumar and the editor M K Naik himself The carefully selective Bibliography appended to the volume has further enhanced its value as a comprehensive collection of incisive critical studies covering the entire range of Indian fiction in English and this series which is now complete easily constitutes a significant landmark in the ongoing scrutiny of Indian English literature
