Deep Memory, Exuberant Hope Walter Brueggemann, The leading Old Testament theologian reflects on the meaning of the gospel in today s world These studies on a variety of biblical texts focus deftly on reading listening to and proclaiming the gospel in a broken fragmented and post Christendom world Brueggemann explores how these traditions have the potential to continually resonate in our contemporary communities and individual lives

Witnessing the Disaster Michael Bernard-Donals, Richard Glejzer, 2003-12-15 Witnessing the Disaster examines how histories films stories and novels memorials and museums and survivor testimonies involve problems of witnessing how do those who survived and those who lived long after the Holocaust make clear to us what happened How can we distinguish between more and less authentic accounts Are histories more adequate descriptors of the horror than narrative Does the susceptibility of survivor accounts to faulty memory and the vestiges of trauma make them any more or less useful as instruments of witness And how do we authenticate their accuracy without giving those who deny the Holocaust a small but dangerous foothold These essayists aim to move past the notion that the Holocaust as an event defies representation They look at specific cases of Holocaust representation and consider their effect their structure their authenticity and the kind of knowledge they produce Taken together they consider the tension between history and memory the vexed problem of eyewitness testimony and its status as evidence and the ethical imperatives of Holocaust representation

Australia's remaining wet tropical rainforest is now World Heritage listed and is once again being managed by Traditional Owners. Will the unique capacity of these rainforests to counteract climate change be their salvation or will they continue to be vulnerable to exploitation for short term gain? A delight to read and a wonderfully original synthesis of science, history and the Dreaming powerfully conveying the agency of Earth, the forest, our fellow creatures and the personality of Thiaki Professor Tom Griffiths, Australian National University. I challenge anyone who starts this book to put it down without first devouring it from cover to cover. Professor Mike Archer, AM, University of New South Wales. A delight to read. Mike Berwick, former mayor of Douglas Shire. A candidate for Australia's top 50 most important books. A fascinating story woven together with great care. Dr Peter Mitchell, OAM, former Professor of Geography at Macquarie University. Driven by a love of the wet tropical forests. Penny van Oosterzee tells their story from deep time to the present. Little and Often Trent Preszler, 2021-04-27. A USA TODAY BEST BOOK OF THE YEAR. *Little and Often* is a beautiful memoir of grief, love, the shattered bond between a father and son, and the resurrection of a broken heart. Trent Preszler tells his story with the same level of art and craftsmanship that he brings to his boat making, and he reminds us of creativity's power to transform and heal our lives. This is a powerful and deeply moving book. I won't soon forget it. Elizabeth Gilbert. Trent Preszler thought he was living the life he always wanted with a job at a winery and a seaside Long Island home when he was called back to the life he left behind. After years of estrangement, his cancer-stricken father had invited him to South Dakota for Thanksgiving. It would be the last time he saw his father alive. Preszler's only inheritance was a beat-up wooden toolbox that had belonged to his father, who was a cattle rancher, rodeo champion, and Vietnam War Bronze Star Medal recipient. This family heirloom befuddled Preszler. He did not work with his hands, but maybe that was the point. In his grief, he wondered if there was still a way to understand his father, and with that came an epiphany: he would make something with his inheritance. Having no experience or training in woodcraft, driven only by blind will, he decided to build a wooden canoe, and he would aim to paddle it on the first anniversary of his father's death. While Preszler taught himself how to use his father's tools, he confronted unexpected revelations about his father's secret history and his own struggle for self-respect. The grueling challenges of boatbuilding tested his limits, but the canoe became his sole consolation. Gradually, Preszler learned what working with his hands offered: a different perspective on life and the means to change it. *Little and Often* is an unflinching account of bereavement and a stirring reflection on the complexities of inheritance. Between his past and his present, and between America's heartland and its coasts, Preszler shows how one can achieve reconciliation through the healing power of creativity. Insightful, lyrical, *Little and Often* proves to be a rich tale of self-discovery and reconciliation. Resonating with Robert Pirsig's classic *Zen and the Art of Motorcycle Maintenance*, it is a profound father and son odyssey that discovers the importance of the beauty of imperfection and small triumphs that make extraordinary happen.
