Titanic's Unlucky Seven James W. Bancroft, 2025-11-04 The Titanic disaster is examined through the experiences of seven officers revealing their bravery and the mysteries surrounding the tragedy The disaster which befell RMS Titanic has become one of the most investigated and analyzed maritime tragedies of all time Yet there is much still to be untangled from the web of mystery which still surrounds this confused catastrophic event The people on board were proud to be part of the ship's highly publicized first voyage but as the first batch of officers reported for duty in Belfast to prepare her for her trial trip to Southampton and beyond they could not have imagined the fate which awaited them Titanic was after all unsinkable It is exclusively through the eyes of seven unlucky men the small group of officers onboard for that doomed voyage that the author reveals the tragedy as it unfolded that night in April 1912 From their assignment to the White Star liner through to their eventual fates Each one of these seven men behaved with great courage and discipline in a situation beyond anything they had previously experienced and some of the officers left accounts of the horrors they witnessed Of this small group four were members of the Royal Naval Reserve this included Charles Lightoller who was the Second Officer and in charge of loading passengers into lifeboats on the port side He was noted for strictly enforcing the women and children only principle allowing only those men needed for manning the boats to join them Four of the seven officers survived the ordeal As the author reveals one of them had only been formally appointed to the crew the day before Titanic sailed on its climatic maiden voyage This was Henry Tingle Wilde who was scheduled to sail with Titanic's sister ship Olympic but who was switched to Titanic as the Chief Officer He reported for duty on the very day the ship departed Southampton This move meant a reshuffle of the officers and as only seven officers were deemed necessary Second Officer David Blair was removed from the crew list and sent ashore He was certainly the luckiest of all The unfortunate Wilde went down to the bottom with his ship Of the many questions asked about that night is that of the fate of Captain Edward Smith His body was never recovered and it had naturally been assumed that he too had been lost In Titanic's Unlucky Seven James Bancroft questions if this might not actually be the case There is evidence that Smith may have survived the sinking and was seen and spoken to months after the event by a man who had sailed with him and who had known him personally for most of his life Certainly Smith had good reason to disappear into obscurity For the first time a clear picture of the incidents actions and events leading up to and during the sinking of Titanic can be seen through the stories of the seven men in charge that night *Deeply Unfortunate Doings of an Ill-Fated Life* Andrews McMeel Publishing, 2002-08 Presenting 4 new journals in an eye catching and timely variety of styles colors and themes all designed to stand out in quality and display When life's not exactly a bed of roses chronicle the tussles in this tongue in cheek bit of journalistic satire Offered in basic black of course with lined white pages
