*Psychoanalytic Perspectives on Art, V.2* Mary M. Gedo,2013-05-13 This new hardcover annual offers a unique scholarly format an interdisciplinary dialogue that it is hoped will foster the development of a sound useful methodology for applying psychoanalytic insight to art and artists The series provides a medium for those who study art those who interpret it and occasionally those who create it formally to explore the meaning of an artistic work as the direct reflection of the inner world of its creator Within each volume individual topics are addressed by either an art historian or a psychoanalyst with a response frequently tendered by an expert from the other field Reviews of important books of cross disciplinary interest are treated in a similar manner and include rebuttals by the authors themselves It is precisely this exchange of ideas among scholars with difference perspectives on the meaning of a work of art that sets PPA apart from the standard art history publication Its depth of scholarship coupled with its innovative format make it a fascinating addition to the burgeoning field of psychoanalytic studies of art history      Psychobiographical Illustrations on Meaning and Identity in Sociocultural

Alexander Grinstein,1957      **The Major Literary Seminars of Jacques Lacan** Santanu Biswas,2024-08-20 The Major Literary Seminars of Jacques Lacan considers the three key phases of Lacan s interest in literary topics Santanu Biswas first examines the seminars given between 1955 and 1961 in which Lacan spoke on Edgar Allan Poe s short story The Purloined Letter Hamlet Sophocles Antigone and Paul Claudel s The Co fontaine Trilogy and where literature is related to meaning This is followed by an exploration of Lacan s seminar on Lituraterre in 1971 wherein Lacan elaborates on the different ways in which literature appeared to turn towards lituraterre Finally Biswas considers Lacan s 1975 1976 seminar on James Joyce who created literature out of litter and was concerned with jouissance rather than with meaning The Major Literary Seminars of Jacques Lacan will be of great interest to Lacanian psychoanalysts other mental health practitioners interested in the teachings of Lacan and academics and students of Lacanian studies literature and psychoanalysis      **Foucault on the Arts and Letters** Catherine M. Soussloff,2016-10-06 As one of the most important philosophers of the 20th century Michel

Foucault's reputation today rests on his political philosophy in relation to the contemporary subject in a neo liberal and globalized society This book offers insight into the role of the arts in Foucault's thought as a means to better understanding his contribution to larger debates concerning contemporary existence Visual culture literary film and performance studies have all engaged with Foucauldian theories but a full examination of Foucault's significance for aesthetic discourse has been lacking until now This book argues that Foucault's particular approach to philosophy as a way of thinking the self through the work of art provides significant grounds for rethinking his impact today The volume moves across as many disciplinary boundaries as Foucault himself did demonstrating the value of Foucault's approach to aesthetic discourse for our understanding of how the arts and humanities reflect upon contemporary existence in a globalized society Psychoanalytic Perspectives on Art Mary M.
