Defeat Of Youth:

The Defeat of Youth and Other Poems Aldous Huxley, 2021-02-16 The Defeat of Youth and Other Poems 1918 is a collection of poems by English author Aldous Huxley Although Huxley is known foremost as a novelist his poetry exhibits a mastery of language and an uncommon sense of the music inherent to words The Defeat of Youth and Other Poems is his third poetry collection The Defeat of Youth is a moving sonnet sequence on the passage of innocence to experience on familiar transformation of love into lust Capturing the experience of youthful attraction Huxley imagines the moment in which the beloved leans and there is laughter in the face She turns toward him and it seems a door Suddenly opened on some desolate place With a burst of light and music As the young man awakens to the life of another his vision turns tragically pure molding an image of immanence divine a face in a flash of laughter and a young body with an inward flame As the poem unfolds however he feels only shame to have touched things deadly to be desired Throughout this collection Huxley explores the poet's tendency to sing and to praise the world's fleeting beauty while other young men have been battling with the days And others have been kissing the beautiful women The Defeat of Youth and Other Poems is the work of a poet uncertain of his visionary gift doubtful of his art's worth or purpose yet sure of the power of language With a beautifully designed cover and professionally typeset manuscript this edition of Aldous Huxley's The Defeat of Youth and Other Poems is a classic of English literature reimaged for modern readers *The Defeat of Youth, and Other Poems - Scholar's Choice Edition*

The Defeat of Youth and Other Poems Kahlil Gibran,2017-06-09 The last book to be published while Gibran was still in this world came into the poet s hands two weeks before he was to lay aside all earthly volumes He had a peculiar feeling of tenderness for this book unlike what he felt for any of the others Because he said it was written out of the poet s hell a process of childbirth and child bearing It is in my opinion one of the greatest poems in the language The Earth Gods is perhaps a book for the mystic a poet s book for poets for the initiate and the dreamer of vast dreams Yet I have known those who pride themselves on being highly practical and feet on the ground who disown any bent toward the mystical and the occult to pronounce it a book of wonder and power And as a child of seven to whom I read portions of the poem on request says unvaryingly Read it again This perhaps for the music and the almost unearthly beauty of rhythm Khalil Gibran was a Lebanese artist poet and writer After immigrating with his family to the United States as a young man he studied art and began his literary career writing in both English and Arabic His romantic style was at the heart of a renaissance in modern Arabic literature especially prose poetry breaking away from the classical school In Lebanon he is still celebrated as a literary hero He is chiefly known in the English speaking world for *The Prophet* an early example of inspirational fiction including a series of philosophical essays written in poetic English prose
