Defeating The Madness Of Addiction Breaking Free:

Madness in Cold War America Alexander Dunst, 2016-08-19 This book tells the story of how madness came to play a prominent part in America's political and cultural debates. It argues that metaphors of madness rise to unprecedented popularity amidst the domestic struggles of the early Cold War and become a pre-eminent way of understanding the relationship between politics and culture in the United States. In linking the individual psyche to society, psychopathology contributes to issues central to post-World War II society: a dramatic extension of state power, the fate of the individual in bureaucratic society, the political function of emotions, and the limits to admissible dissent. Such vocabulary may accuse opponents of being crazy. Yet at stake is a fundamental error of judgment for which madness provides welcome metaphors across US diplomacy and psychiatry, social movements and criticism literature and film. In the process, major parties and whole historical eras, literary movements and social groups are declared insane. Reacting against violence at home and war abroad, countercultural authors oppose a sane madness to irrational reason, romanticizing the wisdom of the schizophrenic and paranoia's superior insight. As the Sixties give way to a plurality of lifestyles, an alternative vision arrives: of a madness now become so widespread and ordinary that it may finally escape pathology. *Voice Of The Unbroken* Amier

Fisher, 2025-04-11 *Voice of the Unbroken* is not just a memoir; it's a reckoning. In this raw and deeply personal narrative, Amier Fisher lays bare the generational wounds, buried shame, and haunting betrayals that shaped him. From navigating fractured family ties to confronting unimaginable pain, his journey is one of quiet resilience and unapologetic truth. Told with brutal honesty and unexpected grace, this story explores what it means to carry trauma, what it takes to forgive, and how we ultimately become the people we were meant to be, not despite the hurt but because of it. This is a voice not of pity but of power.

Letters to The Wall: Memorial Day Events 2015 & 2016 Veterans For Peace, 2016-07-30 *Letters to the wall* is a publication of approximately 300 letters written in support of the Veterans for Peace Full Disclosure initiative. The initiative came about in the wake of the Pentagon's Vietnam War history project and was designed to bring an anti-war counter narrative about the war and its impact on the populations of all involved in the Vietnam War. These letters were written by Vietnam War veterans, their families, anti-war resisters, and anyone whose life was impacted by the war. They were delivered to the Wall on Memorial Day 2015 and 2016. **The Video Source Book** David J. WEINER, 1990 **Video Source Book**
