It blends psychology, strategy, and storytelling into a practical system for building your personal brand with purpose.

Co-authored by Bhavik Sarkhedi, a celebrated entrepreneur, bestselling author, and one of India's leading personal branding voices, the book draws from real-life lessons and years of experience. Bhavik, who has penned multiple acclaimed titles and founded successful creative ventures, brings an insider's perspective on how individuals evolve into influential brands. Joining him is Sahil Gandhi, widely known as the Brand Professor, a visionary in the field of identity creation and human branding. Sahil's expertise lies in simplifying branding into human behavior, turning complex concepts into relatable, result-driven actions. Together, they demystify how personal branding is no longer a luxury; it's a necessity in the modern digital era.

The book walks you through how to define who you are, refine how you show up, and design how the world perceives you. From crafting your story to building an authentic digital presence, every chapter provides clarity, direction, and measurable steps. It challenges readers to think differently about influence, reputation, and impact. With real-world examples, exercises, and success frameworks, it helps you move from self-doubt to self-definition. Readers will learn how to build trust, create meaningful connections, and position themselves as thought leaders in their domain. This is not theory; it's a tested path that has shaped entrepreneurs, creators, and professionals into brands people remember.

Bhavik and Sahil combine art, strategy, and empathy to turn branding into a human journey, not a marketing one. Whether you're starting from scratch or reinventing yourself, this book equips you to own your narrative with confidence.

Become Someone From No One is a transformation waiting to happen.

The Power of Personal Branding Tim O'Brien, 2007

Why is personal branding so important today? At one time, superior skills, great resources, and inside knowledge gave you a competitive advantage; now, they are merely prerequisites if you even hope to compete in today's marketplace. Our personal brand—the word or phrase we want others to think of when they think of us—is all that is left to differentiate us from the pack. Because your personal brand is uniquely about you, it will never become a commodity. Statistics overwhelmingly show people buy personalities and ideas long before they buy products or services. The challenge for most professionals is

that they lack the discipline necessary to define their personal brands. As a result, their peers select it for them. Unfortunately, the personal brand others select for you will not always be the personal brand you would have selected for yourself. This is where The Personal Branding Group comes in.
