Expert Work From Home Jobs 2025:

Digital Economy: Complexity and Variety vs. Rationality Elena G. Popkova, Bruno S. Sergi, 2019-09-14 This proceedings book features selected papers from the 9th National Scientific and Practical Conference Digital Economy Complexity and Variety Vs Rationality which took place on April 17 18 2019 in Vladimir Russian Federation It presents the latest research in the field of the digital economy discussing its role in the creation of advantages for the state entrepreneurship and society as well as the emergence of new economic risks The chapters address the following topics the importance of economy's digital modernization tools for the formation of the digital economy in Russia specific features and perspectives of digital modernization of the regional economy an overview of the social consequences of transition to the digital economy financial components of the digital economy legal challenges regarding the digital reality for society and state and the main challenges and threats to the profession of jurisprudence in the context of the digitization of the economy Intended for representatives of the academic community and researchers interested in the formation of the digital economy and digital society as well as undergraduates postgraduates and masters of economic specialties the book is also a valuable resource for companies that use or wishing to implement digital technologies into their economic practices and public and government employees involved with monitoring control and regulation of the digital economy ADDRESSING GLOBAL ISSUES WITH COLLECTIVE AND CONCERTED ACTIONS: Indonesian Scholar Perspectives for the G20 Forum Wahyudi Kumorotomo, Muhammad Baiquni, 2023-01-12 As a compilation of research and scholarly articles under the auspices of Dewan Guru Besar Board of Professors of Universitas Gadjah Mada this volume is expected to contribute for the Sherpa Track of G20 forum We believe that multi disciplinary approach among university scholars would provide a comprehensive understanding on what to be considered by the G20 country leaders who are scheduled to meet in Bali Indonesia in 2022 Parallel to the three prioritized agendas for G20 critical reviews on health system after the Covid 19 global pandemic changing activities and lifestyle under digitalized economy and transition towards sustainable energy are presented Cases are mostly taken from the Indonesian experience We would argue that interdependency and partnership among countries are inevitable and that we must understand and acknowledge it more than ever All the critical global issues health poverty climate change can only be addressed with collective actions of all individuals in developed as well as developing countries The collective awareness of the new world order for healthy smart and green lifestyle is essential to the future living in the planet The G20 forum is crucial as it represents 65 percent of the world population and 80 percent of the world economy We hope that G20 leaders have a full commitment and capacity to conduct an orchestra of global community which enable and empower citizens while acknowledging cultural diversity in their respected countries It is a high time for all of collective and concerted actions Handbook Organisation and Management Jos Marcus, Nick van Dam, 2019-12-17 A hands on introduction to the fields of business and management this comprehensive text unveils the theories behind management and

organization via a practice led international approach In this fourth edition the book expands with six new chapters on digital business transformation internationalization corporate social responsibility the future of work human resource management and culture In addition the book contains new topical practical examples and features a fully modernized layout This comprehensive practice led text will be valuable for students of business management and organisation globally A companion website offers students multiple choice questions practical cases and assignments whilst instructors can assess exams cases and college sheets

The Nature of Business Transformation Richard Kelly, 2022-03-17 This book is a practical guide for business professionals to develop and improve business intelligence and collective decision making within their organisation It proposes a progressive reconfiguration of the traditional business operating system using a nature inspired framework called swarm facilitation that enables and facilitates collective decision making Organisations have followed the same rigid formula of problem solving and decision making for over 100 years It is dominated by centralised governance and pyramid decision making Such an approach is no longer fit for purpose in an environment of employee disengagement artificial intelligence AI superintelligence and Covid 19 fallout By the end of this book readers will be able to solve organisational problems and challenges collectively using swarm intelligence upgrade and future proof business operating systems to reflect a more collective decision making approach fit for the new connected economy and Industry 4 0 embrace mindset quotients that support people working in a more networked self organising and collective environment The book is important reading for leaders and managers who are focused on building organisational capital and engagement and gaining value from the emerging technology by evolving their business operating system into a digital ecosystem as part of an ongoing digital transformation strategy It will also appeal to experts working in the field of organisational change and development both within the organisation and as consultants
