**AI Marketing** Eliane Karsaklian, 2025-04-04. This book demonstrates how brands use AI to entice customers and discusses the use of AI as a competitive advantage for marketers. Did you know that investors at Wall Street wait for the Groundhog Day's forecast to make their financial decisions? Did you know that your favorite influencer is not a real person? Did you know that your smartphone works like a magic wand? Don't you feel cursed without it? You will know all about it in this book. Consumers just like you are looking for an effortless life, and technology is making it possible with self-driving and self-parking cars, smart houses, beds automatically adjusting to one's sleeping needs, and robot vacuuming homes, all without human intervention. While we share our personal QR codes, brands bring you magical solutions. Mr. Clean, Magic Eraser, L'Oréal Magic Roots, and you can customize your life by magically creating your own world with the metaverse and the products you want with a 3D printer. Technology and magic enclose mysteries that we cannot assess; we see the input and the output, but no one knows exactly what happens within the process. Extensively documented with publications and empirical research, this book demonstrates how brands use AI to entice customers. It also discusses the use of AI as a competitive advantage for marketers and its deployment around the world. Whether you are curious and confused about technology or a marketer without an IT background expected to incorporate AI in your marketing strategies, this
