communities with their customers and developing true brand loyalty With many brands seeing social media solely as a way to mass promote their products brands who really put social at the front and center are able to connect with consumers in authentic ways creating audience empathy and emotional resonance By understanding how social media speaks to human behavior brands who put social first are able to move beyond quick wins and hacks and create genuine connections and conversations between brand and customer delivering real value From understanding the steps for creating a social media strategy that is bespoke choosing and developing the right personality for your brand on social media or understanding how to create content that is consistent this book covers everything you need to know to ensure your brand s socials generate loyal fans With real world examples from companies such as Crocs Stanley Funko and Ryanair use this book to ensure your social media strategy creates real impact

Leisure, Recreation, and Tourism Abstracts ,1983 Audio Culture, Revised Edition Christoph Cox,Daniel Warner,2017-07-27 The groundbreaking Audio Culture Readings in Modern Music Continuum September 2004 paperback original maps the aural and discursive terrain of vanguard music today Rather than offering a history of contemporary music Audio Culture traces the genealogy of current musical practices and theoretical concerns drawing lines of connection between recent musical production and earlier moments of sonic experimentation It aims to foreground the various rewirings of musical composition and performance that have taken place in the past few decades and to provide a critical and theoretical language for this new audio culture This new and expanded edition of the Audio Culture contains twenty five additional essays including four newly commissioned pieces Taken as a whole the book explores the interconnections among such forms as minimalism indeterminacy musique concr te free improvisation experimental music avant rock dub reggae ambient music hip hop and techno via writings by philosophers cultural theorists and composers Instead of focusing on some crossover between high art and popular culture Audio Culture takes all these musics as experimental practices on par with and linked to one another While cultural studies has tended to look at music primarily popular music from a sociological perspective the concern here is philosophical musical and historical Audio Culture includes writing by some of the most important musical thinkers of the past half century among them John Cage Brian Eno Ornette Coleman Pauline Oliveros Maryanne Amacher Glenn Gould Umberto Eco Jacques Attali Simon Reynolds Eliane Radigue David Toop John Zorn Karlheinz Stockhausen and many others Each essay has its own short introduction helping the reader to place the essay within musical historical and conceptual contexts and the volume concludes with a glossary a timeline and an extensive discography
