[Free Traffic](#) by Franck Scandolera, 2025-08-27. Do you want more visitors to your website but don't have the budget for Google Ads or Facebook Ads? No problem, we can do without. That's exactly why I wrote this practical guide. Today, focusing on acquiring free traffic is the best way to build a solid and sustainable online business. I offer you a multitude of techniques, some simple, others more advanced, to generate traffic to a site without an Ads budget. In this practical guide, I share with you all the strategies that really work, step by step, to increase the visibility of your website, e-commerce site, or sales funnel. This book answers a simple question: how to generate thousands of visitors without an advertising budget. You'll find precise methods to: Use natural search engine optimization (SEO) and attract a steady stream of visitors thanks to Google; Optimize your visibility in AI search engines (Google AI Overview, ChatGPT, Perplexity) using GEO (Generative Engine Optimization) and AEO (Answer Engine Optimization); Create content that attracts people over the long term (evergreen articles, videos, free tools, engaging posts); Intelligently use social media and online communities to reach new audiences; Implement sustainable and automated actions to increase your exposure without spending all your time on it. What you'll gain by applying these strategies: Growing and stable traffic which doesn't disappear as soon as you stop paying; True independence from advertising platforms; Cumulative visibility which grows over the months and years; Stability in the face of algorithmic variations in traffic sources. This book is not for sale, no miracle. It's a practical guide without bullshit or just theory. It gives you a clear method that you can apply at your own pace. Each strategy is explained so that it can be put into practice, even if you're not a technical expert. Who is this book for? Freelancers who want to attract visitors without ads; Content creators looking to build a loyal audience; Entrepreneurs and e-commerce businesses who want to increase their visibility for free. Anyone who wants to understand the new rules of online traffic.
