RETHINK Design Guide Nicola Gillen,Pippa Nissen,Julia Park,Adam Scott,Sumita Singha,Helen Taylor,Ian Taylor,Sarah Featherstone,2021-02-18 The world has changed How will society emerge post pandemic Will we take the opportunity to reset the status quo And if so what possibilities are there for architects to take the initiative in designing this new world This innovative design guide draws together expert guidance on designing in the immediate aftermath of the pandemic for key architectural sectors housing workplace civic and cultural hospitality education infrastructure and civic placemaking It provides design inspiration to architects on how they can respond to the challenges and opportunities of a post pandemic environment and how architects ensure they are at the forefront of the best design in

this new world Looking at each sector in turn it covers the challenges specific to each and how delivering these designs might differ from the pre pandemic world As well as post pandemic design the vital issue of climate change will be threaded through each sector with many cross overs between designing for the climate emergency and designing for a world after a pandemic Both seek to make the world a safer happier and more resilient place Written by set of contributing design experts this book is for all architects whether sole practitioners or working in a larger practice As well as inspirational design guidance it also provides client perspectives crucial for understanding how clients are planning for the future too

Summary of Remote SellWave Audio,2025-11-14 Remote makes a compelling case for why working from home or from anywhere outside the traditional office can be one of the smartest moves for both organizations and employees Jason Fried and David Heinemeier Hansson draw on their experience building Basecamp to show that productivity collaboration and professional excellence don t depend on sharing the same physical space With technology now capable of bringing teams together across any distance they argue that the old under one roof model is no longer the default Instead the modern approach is to bring the work to the worker not the other way around The authors explore how remote work expands a company s access to talent reduces costs lowers turnover and allows teams to operate effectively across time zones But they also focus on what remote work means for individuals the freedom to choose roles based on passion and skill rather than location the ability to design a healthier work life balance and the chance to be more focused and productive by eliminating office distractions They highlight how remote setups can empower workers to structure their days for deeper concentration and greater satisfaction Beyond the larger argument Remote offers practical experience backed guidance for making off site work successful It addresses concerns managers often have about communication trust and accountability while giving workers strategies to stay organized motivated and connected The book also clears away misconceptions about remote teams proving that distance doesn t weaken performance it can strengthen it when handled well Whether you re a leader considering a shift to virtual work or an employee seeking more flexibility without sacrificing professional impact Remote provides the insights and tools needed to thrive in a world where work is no longer tied to a single location *Sustainable Urbanism in Developing Countries* Uday Chatterjee,Arindam Biswas,Jenia Mukherjee,Dinabandhu Mahata,2022-04-19 The mushrooming of illegal housing on the periphery of cities is one of the main consequences of rapid urbanisation associated with social and environmental problems in the developing countries Sustainable Urbanism in Developing Countries discusses the linkage between urbanism and sustainability and how sustainable urbanism can be implemented to overcome the problems of housing and living conditions in urban areas Through case studies from India Indonesia China etc using advanced GIS techniques this book analyses several planning and design criteria to solve the physical social and economic problems of urbanisation and refers to urban planning as an effective measure to protect and promote the cultural characteristics of specific locations in these developing countries FEATURES Investigates an interdisciplinary approach to

urbanism including urban ecology ecosystem services sustainable landscapes and advanced geographical systems Analyses unique case studies of rapid urbanisation from a local to a national scale in countries such as India Sri Lanka China Bangladesh Malaysia and Indonesia and their global impact Examines the use of GIS and spatial statistics in analysing urban sprawl and the massive amount of data gathered by every operational activity of municipalities Focuses on the holistic perspective of sustainable urbanism and the harmony in the human nature relationship to achieve sustainable development Covers a wide range of issues manifested in urban areas with economic societal and environmental implications contributed by leading scholars from the Global South

Reputation in Business Stuart Thomson, 2022-09-28 A compelling mix of reputation management crisis leadership and the role of politics in business this book provides unique practical steps that leaders can take to protect their reputations and those of the organisations they head in an ever more open social media led world Although leaders increasingly recognise the vital intangible asset that reputation represents too many do not really understand what reputation is and the steps that should be taken to build it and their corporate value Given the range of factors depending on the organisation each aspect of its complex reputational story needs to be unpicked if a reputation is to be built maintained and protected This step by step guide offers advice on how to develop the strategies needed to do this provides clear lessons throughout from a range of experts and distinctively looks beyond the corporate sector to charities governments NGOs and the public sector Boards trustees non executive directors senior management and leaders of all types of organisations need to consider the steps that should be taken to build maintain and defend their reputation and that means knowing what their reputation is and the audiences that matter most to them This book is the roadmap
