Business Reorganization in Bankruptcy Mark S. Scarberry, 2006-01-01 Includes a combination of explanatory text cases and problems that permit the professor to use either a problem based approach or a more traditional case based approach Ample explanatory text orients students to the issues and helps them bring a basic understanding of the material to each class session Most of the problems and much of the explanatory text are based on a continuing hypothetical case of Foam Corporation a distressed manufacturer The goal is to provide a concrete setting for the application of bankruptcy law and the consideration of bankruptcy policy Business Reorganization in Bankruptcy Mark S.
