beside them for jotting your notes So all you need for those is a pen If there isn't a pen nearby use a pencil Or a broken crayon We moms have lots of those around Or use a partially dried up marker eyebrow pencil or lip liner if that's what's handy It's ok write in the book Later reading what you wrote will be part of your reflective process showing you how you've grown Feel good about this 30 second you time It's an accomplishment for busy moms to take even that much for yourself You'll find yourself becoming more present more patient more loving and happier if you do this regularly People might even notice and comment about the positive changes in you But it isn't about what they think It's about how you feel Basically we're frazzled people who are loaded down with an unreasonable amount of responsibility for raising little beings to hopefully be kind and productive members of society without too much emotional baggage while maintaining the house our work the kids extracurricular and social plans and also being a present loving and emotionally supportive partner who's able to maintain friendships and relate to our parents sisters and anyone else who is vying for our attention Take a 30 second Moment for Mom It's your turn
