Butcher Beyond:

The Butcher Beyond Sally Spencer, 2013-08-12 DCI Woodend's first foreign holiday in General Franco's Spain ends abruptly when he sees a fellow guest plunge mysteriously from his hotel balcony to the rocky beach below. With the help of Paco Ruiz, a former policeman living in disgrace since the Spanish Civil War, Woodend embarks on an unofficial investigation which provides more questions than answers. Why was the dead man travelling under a false passport? Who are the men he was seen to associate with but now deny all knowledge of him? Why does the local police chief seem determined to lead him up a blind alley? And who is responsible for the three more deaths which quickly follow on from the first? It soon becomes plain to Woodend that the roots of the case stretch back thirty years and that if he is ever to solve it, he must confront history itself.

Beyond the Bund Philip Kerby, 1927 Metaphor and Metonymy revisited beyond the Contemporary Theory of Metaphor Francisco González-García, María Sandra Peña Cervel, Lorena Pérez Hernández, 2013-10-30 The contributions in this volume go beyond the Contemporary Theory of Metaphor complementing it in a number of relevant ways. Some of the papers argue for a more dynamic interdisciplinary approach to metaphor looking into it from semiotic, psychological and socio-cultural perspectives. Other contributions focus on the crucial role played by metaphor and metonymy in meaning construction at a discourse/textual level. Finally, the volume also includes proposals which revolve around the alleged universal nature of metaphorical mappings and their suitability to account for grammatical phenomena. The contributions in this volume display an ample gamut of theoretical approaches pointing to the viability of taking a functional cognitive stance on the analysis of metaphor and metonymy in contrast to a purely cognitive one. This book is structured into three major sections: i) the Contemporary Theory of Metaphor, revisions and recent developments; ii) metaphor and/or metonymy across different discourse genre types; and iii) the Contemporary Theory of Metaphor, current applications.
