Buthelezi Ben Temkin, 2013-10-31 Ben Temkin Buthelezi's biographer had the full cooperation of Chief Buthelezi in the writing of this book. Bantu Authorities Veronica Ehrenreich-Risner, 2022-02-18 In *Bantu Authorities Apartheid's System of Race and Ethnicity* Veronica Ehrenreich-Risner provides the first holistic study of the Bantu Authorities (BA) system that implemented rural apartheid. The system extended segregation by including ethnos theory to establish underfunded self-governing homelands to curb the expense of native administration yet retain control of the cheap labor upon which white capital depended. Based on over sixty interviews with Zulus and former commissioners and archival research, Bantu Authorities proves the primary objective of the system was to protect white capital with white racial purity. Secondary, Ehrenreich-Risner argues that the system disrupted the Brownlee tradition of guardianship for commissioners and the tradition of reciprocity for *ubukhosi*. Bantu Authorities ends by examining the lingering consequences of rural apartheid and asks what rural Africans have gained with majority rule when they remain bound to BA structures *Journal of Natal and Zulu History*, 2006 **The Natal**

Chief Minister, 1988 **From Protest to Challenge: Nadir and resurgence, 1964-1979** Thomas Karis, Gwendolen Margaret Carter, Gail M. Gerhart, 1972 *The Rise and Fall of Apartheid* David Welsh, 2010 On his way into Parliament on 2 February 1990 FW de Klerk turned to his wife Marike and said referring to his forthcoming speech South Africa will never be the same again after this. Did white South Africa crack or did its leadership yield sufficiently and just in time to avert a revolution? The transformation has been called a miracle belying gloomy predictions of race war in which the white minority went into a laager and fought to the last drop of blood. Why did it happen? In *The Rise and Fall of Apartheid* David Welsh views the topic against the backdrop of a long history of conflict spanning apartheid's rise and demise and the liberation movement's suppression and subsequent resurrection. His view is that the movement away from apartheid to majority rule would have taken far longer and been much bloodier were it not for the changes undergone by Afrikaner nationalism itself. There were turning points such as the Soweto uprising of 1976 but few believed that the transition from white domination to inclusive democracy would occur as soon and as relatively peacefully as it did. In effect, however, a multitude of different factors led the ANC and the National Party to see that neither side could win the conflict on its own.
