Pigeon Barbara Allen,2009-10-15 Our frequent urban companion cooing in the eaves of train stations or scavenging underfoot for breadcrumbs and discarded French fries the pigeon has many detractors and even some fans Written out of love for and fascination with this humble yet impo [An Obsession With Butterflies](#) Sharman Apt Russell,2009-04-24 Sharman Apt Russell again blends her lush voice and keen scientific eye in this marvelous book about butterflies From Hindu mythology to Aztec sacrifices butterflies have served as a metaphor for resurrection and transformation Even during World War II children in a Polish death camp scratched hundreds of butterflies onto the walls of their barracks But as Russell points out in this rich and lyrical meditation butterflies are above all objects of obsession From the beastly horned caterpillar whose blood helps it count time to the peacock butterfly with wings that hiss like a snake Russell traces the butterflies through their life cycles exploring the creatures own obsessions with eating mating and migrating In this way she reveals the logic behind our endless fascination with butterflies as well as the driving passion of such legendary collectors as the tragic Eleanor Glanville whose children declared her mad because of her compulsive butterfly collecting and the brilliant Henry Walter Bates whose collections from the Amazon in 1858 helped develop his theory of mimicry in nature Russell also takes us inside some of the world s most prestigious natural history museums where scientists painstakingly catalogue and categorize new species of Lepidoptera hoping to shed light on insect genetics and evolution A luminous journey through an exotic world of obsession and strange beauty this is a book to be treasured by anyone who s ever watched a butterfly mid flight and thought as Russell has I ve entered another dimension

Psalms Book 2: An Earth Bible Commentary Arthur Walker-Jones,2019-10-03 Arthur Walker Jones presents an Earth focused reading of the second book of Psalms focusing upon the many nonhuman animals that appear repeatedly within the text In the first commentary to explore the implications of the natural and cultural history of animals for the interpretation of Psalms Walker Jones moves beyond the standard treatment of animals as mere metaphors for human concerns or background to human stories Instead Walker Jones draws upon the interdisciplinary field of animal studies incorporating this into ecocritical analysis and arguing for the similarity between the two approaches including recognizing that the oppression and liberation of humans is interrelated with the oppression and liberation of Earth and all its creatures Walker Jones looks at foxes sheep goats cattle doves snakes lions snails dogs and deer which all appear in Psalms 42 72 taking into account that many of these animals co evolved with humans and created the particular ecological niche of the highlands east of the Mediterranean Perceiving Earth in various ways as refuge as enemy as Rock and as fertile and joyous this volume brings an entirely new ecological perspective to the Psalms

Twenty Love Poems and a Song of Despair Pablo Neruda,2003-12-02 Brilliant

English translation of beloved poems by Pablo Neruda who is the subject of the film *Neruda* starring Gael García Bernal and directed by Pablo Larraín. A Penguin Classics Deluxe Edition with French flaps. First published in 1924. *Veinte poemas de amor y una canción desesperada* remains among Pablo Neruda's most popular work. Daringly metaphorical and sensuous, this collection juxtaposes youthful passion with the desolation of grief. Drawn from the poet's most intimate and personal associations, the poems combine eroticism and the natural world with the influence of expressionism and the genius of a master poet. This edition features the newly corrected original Spanish text with masterly English translations by award-winning poet W.S. Merwin on facing pages. Includes twelve sketches by Pablo Picasso. New introduction by Cristina García. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Cumulative Book Index, 1992. A world list of books in the English language. **American Butterflies**, 1995. Spirit of Butterflies Maraleen Manos-Jones, 2000-11. A vividly illustrated celebration of butterflies that discusses their presence in art and culture throughout the ages and examines their symbolism and the related beliefs of a wide variety of peoples. *Jewish Year Book* 2005. Stephen W. Massil, 2005-02. This is a record of the organisations, people and events in the Jewish world. It covers Jewish institutions, local organisations, statistics, UK legislation concerning Jews, Jewish MPs and peers, a Who's Who and the year's obituaries. **Love** Pablo Neruda, 1995-06-16. Poems from the film *Il Postino*. The poems collected in this book are at the heart of the film *Il Postino*, a cinematic fantasy spun from an apocryphal incident in the life of the Chilean poet and Nobel laureate Pablo Neruda. Together they show why many consider Neruda to be the finest love poet of the century. Few writers of any age have described the pleasures and torments of erotic love with such un-sentimental directness and sensual precision. Here too we find Neruda at his most accessible, the language of his odes and lyrics refined to the point at which it achieves, in critic Jean Franco's words, the naturalness of song. This short selection draws on work from throughout his writing life, from the famous early collection *Twenty Love Songs and a Song of Despair* (1924) to the key works of his maturity: *Residence on Earth* (1935), *Elemental Odes* (1954) and the autobiographical *Memorial de Isla Negra* (1964). It offers an enticing glimpse of one of modern poetry's greatest masters. American Entomologist, 2005. Scottish Gaelic Studies, 1998. The Jewish Year Book 2002. Stephen W. Massil, 2002. The *Jewish Year Book* 2002 provides an impressive and up-to-date record of the organisations, people and events in the contemporary Jewish world. **Wings**, 1998. The World Who's who of Women, 1992. **The Zoological Record**, 1992. The Linnean. Linnean Society of London, 1991. A Very Civil People. John Lorne Campbell, 2000. Some of John Lorne Campbell's best research and work was in his essays and shorter pieces. This is a collection of this material. The pieces are chosen not simply to reflect the range and diversity on which John Lorne's

scholarship was brought to bear but also through a number of occasional pieces his observations on the people and the Hebrides of his day The collection gives a picture of the man and his interests and a series of insights into figures as disparate as Compton Mackenzie and Father Allan Macdonald of Eriskay *Israel Journal of Ecology & Evolution* ,2006
