## Cracking The Ged 2001:

**Cracking the GED 2001** Princeton Review Staff, Geoff Martz, 2000-06-27 Cracking the GED General Educational Development test or High School Equivalency test helps students review for the test's five sections: writing skills, social studies, science, literature, and the arts and mathematics. Except for a brief essay, all of the questions are multiple choice, which makes this an ideal test for The Princeton Review's standardized test strategies. Students learn how to avoid the traps that trick most test takers. Find the right answers by eliminating the wrong ones. Master the material most frequently found on the test. Think like the test makers. Two complete sample tests as well as numerous drill problems are included so students will have plenty of practice before taking the actual GED. **Cracking the GED 2000** Geoff Martz, 1999-06-22 A study guide for preparing for the GED General Educational Development test including the skills covered and test-taking strategies.
