Craft Of Writing:

The Craft of Writing William Sloane, Julia Sloane, 1979 A writer editor publisher and teacher Sloane presents his ideas on writing and on teaching the craft of writing in chapters derived chiefly from lectures presented at the Bread Loaf Writers Conference Mastering the Craft of Writing Anthony Bosco, 2019-03-25 The Craft of Professional Writing Michael S. Malone, 2018-07-13 The Craft of Professional Writing is the most complete book ever written about the real life work of being a writer Covering topics ranging from business writing advertising PR to commercial work news reporting feature writing blogging non fiction books to creative writing screenplays and novels as well as advice on pitching rejection and leading a writer's life the narrative is filled with anecdotes and illuminating stories as well as tricks of the trade in each form of writing For the student The Craft of Professional Writing is the most wide ranging and practical textbook on the subject Designed to be an instructional text for producing professional level work it is also a survey of the various writing professions to enable budding writers to make career decisions For the professional this book is the ultimate reference work offering practical tips and advice they can return to again and again to help them through various phases of their career Mastering the Craft of Writing Stephen Wilbers, 2014-04-01 Make Every Word Memorable To be remembered for your words you need to write with skill and style Whether you're crafting a novel composing an e-mail or creating a technical report Mastering the Craft of Writing presents 52 practical techniques to improve your prose Spend a week with each technique or use this book as a go to reference Either way you'll have the tools to enliven your writing and delight your readers Write with economy Eliminate wordiness use strong verbs to drive your sentences and don't trust modifiers Write with emphasis Use punctuation for effect structure sentences and paragraphs for coherency and flow and employ repetition to make your point Write with distinction Use your imagination to create the unexpected add a light hearted touch to your writing and go beyond clarity to eloquence and grace With exercises entertaining asides and a wealth of useful information Mastering the Craft of Writing is an invaluable resource for any writer Once you master these techniques you'll want to use them in everything you write **On the Art and Craft of Writing**, 1972 The Craft of Children's Writing Judith Newman, 1984 Grade level 1 2 3 k p e t **The Craft of Writing Articles** C. Gordon Wells, 1983 The Craft of Writing Raymond Woodbury Pence, 1944 **The Craft of Scientific Writing** Michael Alley, 2018-03-21 The Craft of Scientific Writing is designed to help scientists and engineers both professionals already active in the disciplines as well as students preparing to enter the professions write about their work clearly and effectively Written for use as a text in courses on scientific writing the book includes many useful suggestions about approaching a wide variety of writing tasks from journal papers to grant proposals and from emails to formal reports as well as a concise guide to style and usage appropriate for scientific writing Also useful for self study the book will be an important reference for all scientists and engineers who need to write about their work With this new and updated fourth edition while most technical writing texts have gotten larger over the years this one has streamlined to

provide busy readers with the essence of what distinguishes the style of the best scientific documents With this new edition readers will learn not just how to organize information but how to emphasize the key details of that information Also readers will not just learn how to cast their ideas into precise and clear sentences but how to connect these sentences in an energetic fashion In the section on language the new edition goes into much depth about how to make connections between ideas an important issue that few technical writing texts address Moreover the new edition integrates the discussion of illustrations with language because those two aspects of style are so intertwined Finally the new edition does a better job of explaining how to make the process of writing more efficient From a review of the first edition A refreshing addition to a genre dominated by English teacher style textbooks Instead of listing rules that constrain writers the book uses examples to lay out the path to successful communication Especially helpful and entertaining is the chapter on the writing process Anyone who has spent more time avoiding a writing task than actually doing it will appreciate Alley s tips Dr Ellen Ochoa Deputy Director of Flight Crew Operations Johnson Space Center
