Craft Transformed:

The Craft Transformed Ian McKay, 1985 In 1885 Nova Scotia was booming economic growth topped that of both Ontario and Quebec and the public was on the verge of voting for independence from Canada in an upcoming election **City of Order** Michael Boudreau, 2012-05-15 Interwar Halifax was a city in flux a place where citizens debated adopting new ideas and technologies but agreed on one thing modernity was corrupting public morality and unleashing untold social problems on their fair city To create a bulwark against further social dislocation citizens policy makers and officials modernized the city's machinery of order courts prisons and the police force and placed greater emphasis on crime control These tough on crime measures Boudreau argues did not resolve problems but rather singled out ethnic minorities working class men and female and juvenile offenders as problem figures in the eternal quest for order *The Naval Review*, 1911 *Naval Review* (London), 1911 *Acadiensis*, 1988 **Savage Earth** Dominick Mezzapesa, 2002-10 Thousands of years ago an ancient peace loving alien culture called the Argolians visited Earth and helped humanity take hold and as a result took the little planet under its wing Later after watching most of their race brutally slaughtered by the Kontarians the last few remaining Argolians flee with the object the evil Kontarians are lusting after the Stone of Unarl a living gem that possesses incredible power Now the Argolians are back to help save Earth the last of the Argolians sister planets which is in danger of being destroyed by the Kontarians Aware that the sudden appearance of a group of aliens on Earth would cause more havoc than good the Argolians have chosen one reluctant human to try and save the planet After intensive training John Savage takes command of the Argolians gift a small craft that is one of the most powerful weapons in the universe Can Earth's newest hero succeed To do so Savage must not only overcome his own fears of failure but also defeat the Kontarian spies placed on Earth years before These aliens will do anything to possess Savage's ship and delay his training until the Kontarian fleet arrives

The Open Road Clayton Holt Ernst, 1922 **Transformations** Robert Bell, 2005 Locating craft practice within the broader discourse of contemporary arts this book illustrates the works of 85 of the finest craftspeople in the world today organizing their works by theme and including extensive artist's biographies *The House that Shadows Built* Will Irwin, 1928 The story of Adolph Zukor and the rise of the motion picture industry **American Prose (1607-1865)** Walter Cochrane Bronson, 1916 **Domestic Engineering**, 1915 **Domestic Engineering and the Journal of Mechanical Contracting**, 1915 **The American Tyler-keystone**, 1915 **Indian-made** Erika Marie Bsumek, 2008 In works of silver and wool the Navajos have established a unique brand of American craft And when their artisans were integrated into the American economy during the late nineteenth century they became part of a complex cultural and economic framework in which their handmade crafts conveyed meanings beyond simple adornment Bsumek unravels the layers of meaning that surround the branding of Indian made When Navajo artisans produced their goods collaborating traders tourist industry personnel and even ethnologists created a vision of Navajo culture that had little to do with Navajos themselves And as

Anglos consumed Navajo crafts they also consumed the romantic notion of Navajos as primitives perpetuated by the marketplace These processes of production and consumption reinforced each other creating a symbiotic relationship and influencing both mutual Anglo Navajo perceptions and the ways in which Navajos participated in the modern marketplace Ultimately Bsumek shows that the sale of Indian made goods cannot be explained solely through supply and demand It must also reckon with the multiple images and narratives that grew up around the goods themselves integrating consumer culture tourism and history to open new perspectives on our understanding of American Indian material culture BOOK JACKET
