## **Cranks And Gadflies:**

*One Party After Another* Michael Crick, 2022-02-03 Enormously readable excellent Dominic Sandbrook Sunday Times A superb piece of thorough journalism David Aaronovitch The Times Nigel Farage is arguably one of the most influential British politicians of the 21st century His campaign to take the UK out of the EU began as a minority and extreme point of view but in June 2016 it became the official policy of the nation after a divisive referendum In Michael Crick s brilliant biography *One Party After Another* we find out how he did it despite never once managing to get elected to Parliament until 2024 Farage left public school at the age of 16 to go and work in the City but in the 1990s he was drawn into politics joining UKIP Ironically it was the electoral system for the European Parliament that gave him access to a platform and he was elected an MEP in 1999 His everyman persona combined with a natural ability as a maverick and outspoken performer on TV ensured that he garnered plenty of media attention His message resonated in ways that rattled the major parties especially the Conservatives and suddenly the UK s membership of the EU was up for debate Controversy was never far away with accusations of racism against the party and various scandals But having helped secure the referendum Farage was largely sidelined by the successful official Brexit campaign When Parliament struggled to find a way to leave Farage created the Brexit Party to ensure Britain did eventually leave the EU early in 2020 Crick s compelling study takes the reader into the heart of Farage s story assessing his methods uncovering remarkable hidden details and builds to an unmissable portrait of one of the most controversial characters in modern British politics

**British Politics and European Elections 2004** D. Butler, M. Westlake, 2005-04-18 A non election in terms of popular perception the 2004 European elections in the United Kingdom nevertheless provided a fascinating snapshot of the new far more fluid electoral trends that have been emerging since the end of the Thatcher era with Green Eurosceptical regional and single issue parties all jostling for electoral space with the bigger three Like its predecessors this book documents the background framework and party preparations recounts how the campaign unfolded analyses the results and explores the consequences of the elections in both the British and the European context

**Statesmen and Gadflies** Eugene L. Pearce, 1930 Points of Discord Mokwugo Okoye, 1973

**Following Farage** Owen Bennett, 2015-06-25 Hunting with Godfrey Bloom lunching on expenses with Janice Atkinson talking shock and awful campaign tactics with Douglas Carswell nothing is off the table when you re on the trail of UKIP s People s Army Fear and Loathing on the Campaign Trail 72 meets Louis Theroux Following Farage recounts one hack s journey as he follows drinks with laughs at and even occasionally defends the phenomenon that is the United Kingdom Independence Party as it prepares to march upon Westminster With exclusive interviews and unfettered access to all the disgraced generals trusty foot soldiers deserters and dissenters who make up its ranks Bennett

delivers the inside scoop on what makes the People's Army tick all the while making the transition from elbowed out hanger on to the journalist Farage calls for an honest post election run down of events From the initial skirmishes and battle plans the successful and the scuppered to the explosive events of the battle for No 10 itself and the all out civil war that broke out in its aftermath Following Farage leaves no stone unturned avenue untrod or pint undrunk in its quest for the truth about Britain's newest and most controversial political force Times 17 Gareth Penn,1987 *Au Revoir, Europe* David Charter,2012-12-01 Forty years ago Britain joined the club of European nations The idea was to guarantee peace and prosperity on the continent through ever closer union following centuries of terrible wars But after four decades of membership costing the UK more than 200 billion public disenchantment with the European Union has never been so great In *Au Revoir Europe* David Charter Europe Correspondent for The Times looks at what went wrong and what happens next It charts Britain's increasing detachment from the European project amid a barrage of bureaucracy mindboggling expenditure and concern at sharing sovereignty for goals that were never truly embraced From trade to transport fishing to finance investment to immigration the decision that Britain takes on its future relationship with Brussels will touch many parts of everyday life In presenting the unvarnished truth of what it would really mean for Britain to say goodbye this book is a unique contribution to the European debate and essential reading for all **Constance Garnett** Richard Garnett,1991
