Crash Course On Christian Teaching:

Crash Course on Christian Teaching Christopher Catherwood, Martin H. Manser, 1998 **The Christian in Today's Culture** Charles W. Colson, Nancy Pearcey, 2001 Each of these three books Developing a Christian Worldview of Science and Evolution Developing a Christian Worldview of the Problem of Evil and Developing a Christian Worldview of the Christian in Today's Culture is drawn from Colson's highly successful How Now Shall We Live Shorter in length and accessible to readers the Developing a Christian Worldview series is ideal for small group study and classroom use Each chapter begins with pre reading questions and each study session is made up of newly written discussion questions role playing activities and challenges to implement key insights All are designed to help readers grasp Colson's arguments and learn how to use the points effectively with non Christians **Character Building Through Christian Education for Youth** Culbert Delisle Blenman, 2016-04-14 Character Building Through Christian Education for Youth is an easy to read value packed and timely guide for youth in an environment beset with uncertainty crime and lawlessness including cyber crime unemployment moral decadence and a plethora of evils that impact modern society For those desirous of averting the effects of bad choices that they or others make which results in these evils Blenman offers through Christ Jesus prescriptions that have been tried and tested by believers the world over They may just be what will save this generation of youth Modeste Downes *Crash Course in Mormonism* Volker Heide, 2019-08-25 This book is designed to help you better understand the teachings of Mormonism It called a crash course because it covers a lot of ground While this overview is comprehensive all the chapters flow together to give you a good insight into LDS teaching and practices All of us have Mormon friends coworkers or neighbors How do we effectively share our faith with them The first step is to try to understand their teaching and way of thinking You need to try to understand their world and way of life Then after establishing a relationship of friendship and trust and if the right opportunity arises we can discuss what we believe about God Jesus and the Bible This book also presents an overview of the basic teachings of the Bible especially as it relates to specific doctrines of the LDS If you want to share your faith you must first be well grounded in the Christian faith Numerous passages are given to show what the Scriptures teach about God humanity law gospel the Bible and Jesus Christ the Son of God Please note that these Bible verses are not given so that you might bash a Mormon over the head with them The LDS are very offended by Bible bashing as they call it This is when a Christian starts quoting Bible passages to prove that Mormon theology is all wrong This never works well A Mormon will take this as a personal attack on themselves and their church Their defenses go up and they immediately shut down They feel like we are using the Bible to bash their faith and integrity Many well meaning people use this confrontational approach of trying to argue doctrine with members of the LDS church especially those missionaries that might visit your home However it rarely works In fact it does more harm than good The discussions of the Bible verses in this book seek to deepen your understanding of the Christian faith You need to fully understand and appreciate the good news of

the gospel You need to have a living and vibrant relationship with the Living God Appreciate the incredible power of God's grace and the forgiveness of sins that comes through the cross and resurrection of our Lord Realize that God the Father loves you unconditionally Experience for yourself that peace which passes all understanding Then you can be prepared to discuss and explain theological points in a loving and winsome manner when that opportunity arises This is the best way to talk about God with your LDS friends As Peter tells us But in your hearts set apart Christ as Lord Always be prepared to give an answer to everyone who asks you to give the reason for the hope you have But do this with gentleness and respect

Bridge-Building Apologetics Lindsey Medenwaldt, 2024-05-14 Winsome Apologetics Makes for Effective Apologetics As Christians when we take a stand for our faith we want to avoid coming across as overly combative or adversarial While it is important to be uncompromising when we communicate the truth Scripture also calls us to speak the truth with love Bridge Building Apologetics is about establishing caring and compassionate relationships with those whom you desire to reach for Christ In this friendly and helpful resource you will find inspiring examples of relational apologetics from people in the Bible and modern day bridge builders strategies for thoughtful and productive interactions with unbelievers and people of diverse faith backgrounds practical tips for engaging non Christians in relationships and faith centered conversations with real life examples Going beyond merely comparing truth with error this accessible and informative guide shows you how to overcome relational barriers and graciously reach out to those with whom you disagree Even in the face of deep differences these insights and tips will help you will grow in your confidence to engage others effectively with the love of Jesus and the truth of Scripture
